GOD'S PLAN FOR YOU

"I will bless you with a future filled with hope—a future of success, not of suffering."

JEREMIAH 29:11 CEV

One truth that resounds through the Scriptures is God's desire for His children to dwell in health. He never intended for them to be victims of sickness or adverse circumstances.

God always wants His children well! When you study the Scriptures, you'll find how He constantly sought ways to bring succor to His children in their times of affliction. He never left them without help.

In the Old Testament, He gave them laws to obey, and their obedience guaranteed their health and well-being. All they needed to do was obey, and they were sure to enjoy a lifetime of peace and prosperity. In **Isaiah 1:19**, God declared, **"If ye be willing and obedient, ye shall eat the good of the land."**

In the New Testament, we see the same awesome demonstration of love. When our Lord Jesus walked the earth, He wanted to give succor and life to a hurting and dying world.

Acts 10:38 says, **"How God anointed Jesus of Nazareth with the Holy Ghost and with power: who went about doing good, and healing all that were oppressed of the devil; for God was with him."**

Through Christ's sacrificial death and His subsequent resurrection, it has become possible for everyone to enjoy a life free of sickness and infirmity. This is God's purpose and desire; for everyone to always live a balanced, healthy, and prosperous life.

3 John 1:2 says, **"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth."**

Some people are wont to think that you can't always be healthy. Well, that's not what the Word of God says. Healing became yours when Jesus took your place on the cross. It's important to know that what He accomplished for you is not a partial healing, such that you could be sick sometimes and well at other times.

In truth, the Lord Jesus successfully bore your infirmities on His own body and died, so that you may continually enjoy a life of perfect health and never be brought down by sickness. This great truth becomes your vital experience when you believe and endorse it.

The Bible says, **"That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation"** (Romans 10:9-10).

In **Romans 10:17**, the Bible also says, **"So then faith cometh by hearing, and hearing by the word of God."**

In this magazine and through our various programs on Healing Streams TV, you'll find amazing testimonies that attest to the availability of God's healing power to anyone who believes. As you journey through these inspiring accounts of faith, you'll be deeply touched and strengthened in your faith.

I encourage you to open your heart and let faith rise in you. The power of the resurrected Christ is sure to touch you right where you are and propel you into your miracle.

Christ, I receive eternal life into my

"And it shall be *that* every living thing that moves, wherever the rivers go, will live. There will be a very great multitude of fish, because these waters go there; for they will be healed, and everything will live wherever the river goes"
(Ezekiel 47:9 NKJV).

Healing Stream Live Healing Services with Pastor Chris are wonderful episodes that have fulfilled God's Word over and over again. In the past few years, the Live Healing Services have extended God's divine presence and power to countless people across every nation and continent of the world. The healing services have been a channel for the outpouring of healing, restoration, blessing, and salvation.

In the matchless and infallible Name of Jesus, billions of people have been liberated from diverse diseases and challenging circumstances that held them bound. The miraculous has unfolded, bringing the dead to life, enabling the lame to walk, and restoring hearing to the deaf and sight to the blind. Cases deemed terminal and incurable, with those affected left to waste away, have been turned around. Every connection to the Healing Streams brings life and hope to all.

With the October edition of this glorious healing crusade, people from every part of the globe are expectantly looking forward to another exciting season where the written pages of Scripture will come alive.

"God's Word is undeniable and all-powerful. I'm looking forward to the miracles that will unfold with the forthcoming edition of the Healing Streams. Last time, some of the people I invited to watch the program gave their hearts to the Lord when they heard of His goodness through the testifiers. This next one will be even more glorious," says Lucille from Canada.

Duncan from Jamaica also shares his expectations: *"It's so awesome to prepare for the Live Healing Services because you know that every question will be answered and every problem will be solved."*

RAPTUROUS PRAISE AND UNBRIDLED ELATION

In rapturous sessions of unreserved worship to the Lord through ethereal songs, the global congregation basks in a numinous atmosphere in multiple places as each service commences. The melodies stir people everywhere to extol the Monarch of the Universe with lifted hands and with the calves of their lips.

Following this, senior ministers of the Healing School uplift participants by recounting outstanding praise reports. They also share profound words to intensify faith in many hearts. In special testimony segments, the global congregation is supercharged and positioned to receive as several individuals give unique accounts of their miracle moments and how their lives were touched during previous editions of the Live Healing Services.

Ready and eager, many are overjoyed as the man of God, Pastor Chris, enters and begins to minister to the sick and ailing. Full of the Holy Ghost, he addresses every disease, known and unknown, with potent commands in the Name of Jesus. Irrespective of time and location, there are no hindrances to the outpouring of the all-sufficient power of God to reach lives and transform situations in an instant.

Unbridled elation erupts everywhere as torrents of God's healing gush upon the nations of the world, imparting healing everywhere. Quickly, many discover their miracles and burst out in praise and thanksgiving to the Lord.

A WALKING MIRACLE

Colin from Nauru was diagnosed with diabetes several years ago. He did his best to cope with the situation and was heavily dependent on medications. In recent months, however, an ulcer appeared on his leg and the wound festered until it affected his mobility. To save his leg, a massive chunk of gangrened flesh and ligaments around his knee had to be cut out.

Although the prognosis stated that recovery would take several weeks, months had passed and Colin was still unable to walk. The pain was so severe that it overcame him every time he tried to move. Alternative treatments proved unsuccessful as well. At this time, it was unclear whether he would ever walk again.

Then, Colin got news of the Live Healing Streams after someone visited him at the hospital and presented him with a copy of Healing to the Nations Magazine. He began to prepare and by the appointed date, he was ready to receive a miracle. He participated in the program at home with his family, and while Pastor Chris declared blessings and healing to the world, he held on to the Word for himself and took his first steps in many months. Life has changed for Colin now that he can walk freely. The days of pain and discomfort are over! Glory to God!

A DIVINE TRANSFORMATION

Alice from the United States started suffering from a heart condition known as atrial fibrillation when she was 20 years old. This directly impacted her career as a professional speaker, given that symptoms often appeared while speaking to an audience. She also experienced a uric acid attack, which rendered her immobile.

While in church one day, Alice heard about the Live Healing Services. After watching videos of testimonies from previous editions, she decided to participate, believing in the power of God to make her miracle come to fruition.

It's a new day for Alice and she has a different story to tell. *"When Pastor Chris prayed and said, 'You're healed,' I got up without my walker. I walked up the stairs and it was amazing. I was overwhelmed by the transformation that had taken place in my life. Thank God!"* she enthuses.

Alice from the United States

to walk, raise her hands, or do anything for herself. Erdenesteg heard about Healing Streams Live Healing Services and registered to participate. This special meeting was the catalyst needed to change her situation.

Free from all struggles, she testifies, *"On the day of the service, I was so expectant. While Pastor Chris ministered and said to do what we couldn't do before, I realized I could raise my hands and move my legs. I can now do housework without fatigue and I haven't felt any pain since. I feel strong and my health has improved. The results of my tests afterward confirmed my healing. I used to take a lot of pills daily but that is no more."*

I WAS HEALED IN AN INSTANT

Glory to God. I am healed from left ankle pain. I had a motorbike accident 13 years ago. My bones were fractured and I have been suffering from severe pain ever since. I was advised several times by the orthopedic doctor to undergo surgery but the odds were not good. Whenever I wore heavy boots or shoes, my ankle would swell up and become very sore. I watched the Healing Streams Testimonies Live program and enjoyed the testimonies. When the hosts prayed for everyone watching, I laid my hands on my ankle and declared healing in the Name of Jesus. I was healed in an instant! No more ankle pain. I can wear what I want. Hallelujah!

THE LORD HAS PERFECTED MY HEALTH

For months, I experienced frequent and painful urination, sore red eyes, heavy chest pain, and tingling sensations in my feet. I was subsequently diagnosed with diabetes. One Saturday, while waiting for my doctor's appointment, I received a notification to watch Healing Streams TV. I logged in and watched Real Miracles Today. When Evangelist started praying, I placed the phone on my lower abdomen and put my hands on my chest and feet. Immediately, the pain in my legs started to fade and the sensations in my chest eased. By the time it was my turn to see the doctor, I felt better. When the doctor did all the checks and tests, he confirmed what I already knew. I am perfectly fine. I thank God for the miracle that I received. The Lord has perfected my health.

HEALED OF HEMORRHOIDS

I had been dealing with hemorrhoids for a while. So, I decided to watch Healing Streams TV. During the program, I saw the testimony of a woman who received healing from the same condition. My faith was boosted right there and I believed my miracle was near. That day, I noticed a change in my body and the symptoms disappeared. I am healed. Thank you, Pastor Chris, for Healing Streams TV.

Joy Filled My Heart

In 2016, I began experiencing unusual menstrual symptoms. I would bleed excessively for three whole weeks each month. These prolonged and heavy periods severely impacted my ability to do everyday activities. I could not exercise or walk long distances. It was uncomfortable for me to go out during these episodes. As such, I continuously needed to seek permission for leave and this affected my job.

The severity of my condition dawned on me one day when I remembered that my sister had had the same condition. She had experienced hemorrhages for so long and eventually died of uterine cancer at age 37. This prompted me to seek medical attention and undergo tests. The result confirmed that I had stage 2 uterine cancer. I was so disturbed by the nerve-racking thoughts of cancer treatments. I couldn't bear the thought of my daughters having to bear the trauma of losing their mother. This was a challenging time in my life.

While in this predicament in 2017, I came in contact with Healing to the Nations Magazine. I was very excited about it. I saw what God did in people's lives and thought that the same could happen to me. I needed to receive my miracle, too.

I clung to the magazine and declared the words in it, hoping for a change. Miraculously, the Lord intervened. The tiredness stopped and the excessive bleeding came to a halt. My healing had happened. Wow!

After I received my healing through Healing to the Nations Magazine, I went to the hospital for a checkup. Following a series of examinations, the doctor declared me perfect. *"There are no traces of cancer. Your womb is clean and normal,"* he said. Oh, what joy filled my heart!

Since I received my healing, there has been no more prolonged or intense bleeding. Now, I can do the daily activities I could not do before. I can care for my daughters properly. I can practice sports with them and I can travel long distances. Whether I am walking or on a bus, I feel free now. The Lord has done a great thing in my life.

I returned to work and now go about my daily life enthusiastically. I am very blessed. I thank God for the gift of the man of God, Pastor Chris. God bless him so much. I also thank every partner who invests in sending Healing to the Nations Magazine to reach and bless lives around the world.

10 HEALTH BENEFITS OF TOMATOES

Whether you consider the tomato a fruit or vegetable, the fact remains that it is a great addition to any meal. With an extensive list of essential vitamins and minerals contained in them, tomatoes are loaded with many health benefits.

Some key nutrients found in tomatoes include lycopene, calcium, potassium, and vitamins A, B, C & K. Tomatoes are also a good source of dietary fiber and contain about four percent carbohydrates.

Available in about 3,000 species that are ready to eat and easy to cook in multiple ways, this superfood adds flavor and great advantages to any meal. Let's look at a few.

- 1. Your Skin Looks Greater:** Your skin needs collagen for strength and elasticity, and also for replacing damaged cells. Biotin and Vitamin C in tomatoes enhance the production of various proteins, including collagen. Tomatoes also have lycopene, which protects the skin against damage from the sun.
- 2. Your Hair Gets Healthier:** Taking tomato juice regularly will make your hair better by improving its texture and appearance. Its rich composition of iron and Vitamins A and K strengthens and revitalizes the hair, maintains its color, and adds shine.
- 3. Your Weight Stays Controlled:** Low in fats and with zero cholesterol, tomatoes are ideal for weight control plans. Tomatoes can be eaten raw or added to other meals, and the stomach fills up faster with fewer calories because of the water and fiber in them.
- 4. Your Bones Become Stronger:** Tomatoes contain calcium and Vitamin K that strengthen and repair the bones, as well as magnesium which works with a hormone called calcitonin to help the bones absorb calcium and potassium, thus preventing calcium loss over time.
- 5. Your Eyes See Better:** Tomatoes are a rich source of Vitamins A & C, lycopene, lutein, and beta-carotene. These are powerful antioxidants that protect the eyes against light damage, cataracts, night blindness, and age-related macular degeneration.
- 6. You Sleep Better:** Some studies show that increased levels of lycopene and Vitamin C in tomatoes promote better sleep. That means a salad with tomatoes or even tomato juice or soup may be just what you need if you haven't been sleeping properly.
- 7. Your Heart Works Better:** Tomatoes have Vitamin B and potassium which help to flush sodium from the blood, reduce cholesterol, and lower blood pressure. Also, properties like lycopene and Vitamins A & C work together to reduce the risk of stroke and heart disease.
- 8. Your Glucose Levels Are Optimized:** Elevated blood sugar levels affect vital organs like the brain and kidneys. Tomatoes contain little carbohydrates and will help lower glucose levels in the blood. This also helps to prevent diabetes.
- 9. Reduces Risk of Cancer:** Cooked tomatoes produce a high amount of lycopene, an antioxidant that slows the growth of cancerous cells. More lycopene works to reduce the risk of lung, colon, prostate, and stomach cancer.
- 10. You Strengthen Your Immune System:** Tomatoes help to boost the body's immunity levels. The vitamins and antioxidants work to reduce stress and increase energy levels. Eating more tomatoes will help prevent or manage various ailments like gallstones, urinary tract infections, anemia, Alzheimer's disease, etc.

FAITH'S PROCLAMATIONS OF HEALING & HEALTH

**“But we all, with open face beholding as in a glass
the glory of the Lord, are changed into the same image
from glory to glory, even as by the Spirit of the Lord”
(2 Corinthians 3:18).**

God has put man in dominion over all things, but sometimes man finds himself taken up with disease, oppression, and suffering. He stays afflicted, degraded, bound, and stricken by the problems of this world. However, Jesus already demonstrated a higher life for us to live. So, the Bible says, **“Looking unto Jesus the author and finisher of our faith...” (Hebrews 12:2).** Turn away from the circumstances that bring you down and look unto Jesus, and reign in life through Him.

You may be reading this and there's a condition in your body. Don't look at the symptoms; look at the Word. If you keep looking at that Word by meditation, there'll be a change. The Word will bring forth healing in your body. As you behold God's Word, you won't have to make an effort to change. Just keep your gaze on it and it will transform you. That's how to walk supernaturally and live an extraordinary life daily.

CONFESSIONS

I rejoice with profound joy because the Lord has filled my mouth with laughter and His joy is my strength. I do not know weakness, depression, or oppression of any sort because the joy in my spirit produces health and boundless energy for my body.

I know my divine origin; I'm from Zion, the city of the living God; therefore, I cannot be subject to the principles of this world. Christ in me gives me confidence and strength. I am healthy and full of divine life in my spirit, soul, and body. Hallelujah!

I live and walk by faith, not by sight. I'm only moved by the Word of God, not by what I see or feel! God's life in me dispels sicknesses, diseases, and infirmities. As I yield myself to the Word daily, my strength is renewed and my body conforms to the Word of life.

I have dominion over sin, sickness, and life's circumstances. I'm superior to Satan, and I've overcome the world. I am seated together with Christ, far above all principality and power! The indestructible life of God in me nullifies sickness, disease, lack, and death.

I'm filled with the fullness of God; loaded with all power, glory, might, and grace! The totality of divinity is present in my spirit and expressed through me!

By the power of God's Word and in the Name of Jesus, I'm lifted above this world and into God's realm of glory. I exercise Christ's authority over my body and decree strength, health, wisdom, prosperity, and all-around success in my life, today and always.

The ability of God is at work in me today! I don't function by my ability or strength, for the Lord renews my strength daily, and I am always divinely energized. The Word of God has made me wise and I walk in divine health, peace, and joy.

My life, health, family, and finances conform to God's Word concerning me. Every part of my life is consistent with God's Word. I speak health, peace, and prosperity over my life. The Lord Jesus is the light of my life, and He shines forth in perfection through me.

I'm a new creation in Christ Jesus, created for glory and beauty! I thank God for the glorious life He's given me. This life is at work in every fiber of my being, and I've become a distributor of eternal verities to everyone.

Jesus Christ is the Lord of my life. I refuse to be bound by any habit or lifestyle that is contrary to God's Word. I have the Greater One living in me, and He guides and propels me in the paths of health and prosperity.

Demonstrating YOUR FAITH

**“Even so faith, if it
hath not works, is
dead, being alone”
(James 2:17)**

Our opening Scripture connotes that faith without corresponding action is dead. Notice, the Bible is not saying, *“Faith without works is incomplete.”* No! It says faith without works is dead! In other words, faith without works is no faith. Faith must be accompanied by action!

Faith in God is demonstrated by action. Someone may be in need of healing, and then say to himself, *“I know if I get into that meeting, I will be healed,”* but he never goes. This is the problem with many people; they talk about what they believe but they don’t act it. Believing must go with the corresponding action of faith; otherwise, it wouldn’t produce any result.

Mark 5:25-34 tells the story of a certain woman who had suffered a hemorrhage for twelve long years. She had been through so much trying to get well and had spent all she had, but she didn’t get any better; instead, she grew worse. The Bible says, **“When she had heard of Jesus, came in the press behind, and touched his garment. For she said, If I may touch but his clothes, I shall be whole”** (Mark 5:27-28).

In other words, before this woman went to Jesus, she heard about Him and learned He was anointed with the power to heal. And she believed what she heard. Then, she said, *“If I can just get close enough to touch even the hem of His garment, I shall be well.”* In this account, the woman believed in the power of God at work in Jesus Christ, and she said it. She didn’t keep quiet.

In another account, while Jesus was teaching one day, four men brought a friend who was paralyzed. The Bible records that the crowd was so much that they couldn’t get in. But these four men were undaunted; they climbed

up the roof of the house, tore open a hole in it, and let down their sick friend right before Jesus (Mark 2:1-12).

“When Jesus saw their faith, he said unto the sick of the palsy, Son, thy sins be forgiven thee ...Arise, and take up thy bed, and go thy way into thine house. And immediately he arose, took up the bed, and went forth before them all...” (Mark 2:5,11-12).

Now, notice the Bible says, *“When Jesus saw their faith...”* This means their faith was seen through their actions. They believed Jesus had the power to heal, but they didn’t just stay there; they acted what they believed and they received a miracle. That’s how you demonstrate your faith in God – by acting on what you believe.

There are people who also think that they have to first receive something before they can believe it. They think the only way they’re going to know they’re healed is when they don’t feel the pain anymore. As long as they feel the pain, they think they’re not yet healed.

For example, someone may claim his healing and say, *“Lord, I receive my healing; I’m healed!”* but right after that he thinks, now that I have claimed my healing, the pain ought to be gone. That’s emphatically wrong! Living by faith is beyond your feelings; you are to accept what the Word has said, whether or not there’s physical evidence, and act that way. Faith is a choice to stay in the Word.

Settle in your heart today that the Word of God is true! Accept that you have whatever He says you have and you are whatever He says you are. Then, go ahead and act on it with faith in your heart. When you act on truths in God’s Word, you can rest assured that there will be a change because God always honors faith!

I ENVISIONED MY MIRACLE MOMENT

Elisabeth Arguello Testifies

4 3-year-old Elisabeth Arguello from Paraguay was in perfect shape and living a beautiful life. Working as a masseuse meant so much to her and she did this joyfully. Unknown to her, doom loomed right ahead.

It all started when she began feeling a sharp pain in her back. Unable to pinpoint a specific event that triggered the persistent pain, she dismissed it as a consequence of having to stand and bend over massage tables for protracted periods. She tried her best to cope with the discomfort, assuming it would improve over time.

However, one morning in 2020, she was suddenly overwhelmed with excruciating pain that radiated from her back to her ankles, rendering her incapacitated. *"I was walking to the kitchen when I felt such intense pain from my back to my legs. I could not move or do anything from there,"* she recalls.

This was a signal for immediate remedial action. As soon as Elisabeth was able, she headed to the hospital. After a battery of tests and scans, she was diagnosed with lumbar disc herniation; a ruptured spinal disc in her lower back. She was given a lumbar corset for relief and various analgesics were prescribed for the pain.

The days passed and rolled into months, but Elisabeth's condition did not improve. Stiffness, soreness, and numbness in her muscles made her weak and limited her range of motion. This turned simple activities such as bending, standing, sitting, walking, and even lifting her hands into arduous tasks.

"I cried often as the pain became unbearable and the weight of uncertainty burdened my heart," she remarks. *"The drugs administered didn't help much. I had to constantly increase the dose to manage the pain. Every time the pills wore off, it was another round of excruciating pain."*

With the treatments failing to provide lasting relief, a discectomy was recommended. It was invasive and proffered only as a last resort. *"An operation was necessary but with a 50-50 chance of losing my ability to walk. The pain had gotten so bad that it took a toll on me and I stopped working. Hence, I had financial constraints that made it impossible for me to afford the procedure, leaving me no choice but to decline,"* Elisabeth reports.

It was a tough decision to refuse help but there was nothing to be done. However, in short order, Elisabeth's symptoms intensified and new symptoms developed, including abdominal pain, leg inflammation, nausea, and

unexplained weight loss. Worried, Elisabeth returned to the hospital to get checked.

"An operation was necessary but with a 50-50 chance of losing my ability to walk. The pain had gotten so bad that it took a toll on me and I stopped working... I had financial constraints that made it impossible for me to afford the procedure..."

That was when she discovered that her liver was damaged. This was a side effect of her recurrent overdose of pain relief medications. There was no cure and the doctors sadly informed her that her life expectancy had dropped to two years, but it could be as much as five years if she was willing to make significant lifestyle modifications to enhance her well-being.

Unwilling to accept that her life was gradually ebbing away, Elisabeth longed for divine intervention. She was fully persuaded that, with God, all things are possible. Her prayerful search for a solution turned up news of the November 2022 Healing Streams Live Healing Services, and she was offered a unique avenue of participation.

Elisabeth continues: *"During this period, I contacted a dear pastor from Spain who informed me about Healing Streams Live Healing Services with Pastor Chris. He not only encouraged me to participate in the program but also asked me to serve as a translator."*

Marveling at the possibility that distance was no barrier to her miracle, Elisabeth was overjoyed that the occasion for her healing had come. After this, she would no longer have to contend with pain or grapple with deteriorating health.

The Live Healing Services came and Elisabeth was ready to render her service to the Lord, and she was filled with great anticipation for the miracles that would unfold.

As the man of God, Pastor Chris, ministered the Word, Elisabeth translated the message and blessings to Guarani-speaking people all over the world. Pastor Chris prayed for the sick, dispensing God's healing power and commanding demons and afflictions to depart from them. Elisabeth seized the opportunity and took hold of her healing and restoration.

She describes her experience: *"When Pastor Chris arrived, my faith was energized as I envisioned my miracle moment with excitement. As he began ministering to the global participants, I received my healing and thanked God for touching me and restoring strength and life to my ailing body. I am free, liberated from pain and every situation that held me bound."*

"Wow! God is great indeed. I tapped into the flow of the Healing Streams and my life is whole and well because of that. Now, I can bend, run, and walk effortlessly. The pain is gone. My liver is healed. I went again to the doctor after the healing services. He examined me and said that my healing was absolute. I am healed now!"

"Now, I can bend, run, and walk effortlessly. The pain is gone. My liver is healed. I went again to the doctor after the healing services. He examined me and said that my healing was absolute"

Glory to God! Elisabeth's life has been completely turned around by the power of God's unfailing love. She was at the right place, at the right time; doing the Lord's work, she had a moment of divine visitation and her long-awaited desire became reality.

Elisabeth's heart is full of gratitude for her miracle and awe at the glorious life she lives now. She expressly declares her appreciation: *"Pastor Chris, I love you so much. May God continue to bless and strengthen you as you take healing to the nations."*

Wrapping up her story, Elisabeth talks to anyone who needs that special touch from God for the turnaround they desire. She says, *"The Healing Streams are for everyone. If you are in any condition where you need a miracle, take advantage of this life-transforming program. Just as God's power touched and healed me right in my home, your story can be the same."*

AN INCREDIBLE CRUSADE

Healing, Blessings, and Wonders!

PASTOR DEOLA PHILLIPS

Discussing Testimonies & Victory Reports

SAFOORA FROM SWEDEN

SIRA FROM INDIA

An incredible weekend of blessings, divine healing, and awe-inspiring wonders drew people from diverse and unique spheres of life and from all nations of the world to the life-transforming July 2023 Healing Streams Live Healing Services with Pastor Chris. Salvation reigned as billions of attendees witnessed and experienced the actualization of God's Word in their lives.

For three days, in countless locations where healing centers had been set up, the presence of the Holy Spirit saturated the atmosphere with blissful outpourings of God's power and love. Many had long awaited this episode of marvels and were full of hope as the services commenced. Delightful harmonies and uncommon words of worship filled the air as Loveworld Singers led the global congregation in praise to the God of heaven and earth at the beginning of each healing service.

Pastor Deola Phillips, the director of the Healing School, helped all prepare for their time of visitation in her welcome and exhortation each day. *"With God, nothing is ever impossible. Don't accept any impossible report or circumstance. Don't accept any impossibility whatsoever. No word God speaks is impossible and this program is all about God sending His Word to you. Believe!"* she said.

The program featured an extravagant array of testimonies and victory reports as senior ministers discussed the miracles that had been recorded through the Healing Streams.

Inspiring faith and increasing expectations, Reverend Tom Amenkhienan reminded attendees of this: *"God wants everyone well. If it is so, then you should also want 'you' well. There is nothing the devil can do to stop you, so don't stop yourself."*

Reverend Ray Okocha buttressed this point when he said, *"God has brought joy to your home. All you need is to celebrate His goodness and receive His love."*

In January 2022, Safoora from Sweden suffered a traumatic heart attack. It started with negligible symptoms such as backache and what felt like indigestion. After she was taken to the hospital and properly diagnosed, Safoora was placed on medications and told that she would need them for the rest of her life. Before long, inflammation took over her hands, feet, and joints, rendering her immobile. Basic tasks like walking, standing, and even lifting small objects became difficult. The turning point Safoora longed for arrived when Pastor Chris called out her name during a healing service and ministered healing and wholeness to her body. Now free of all infirmity, she happily testifies, saying, *"Since my healing, I have ceased taking medicines and I am completely free from all forms of pain."*

In 2019, Sira from India was inflicted with lumbar lordosis, a spinal deformity that prevented him from maintaining an erect posture. This

condition was the outcome of muscle spasms he had endured over time, and it caused excruciating pain in his back, neck, and legs. Extreme fatigue and heart palpitations impaired his physical abilities and he found it difficult to perform daily tasks. Despite medications, physiotherapy, exercises, and using a lumbar corset to alleviate the pressure on his spine, his condition worsened. During the Healing Streams, Pastor Chris commanded healing to Sira's bones as he prayed and that was it! Sira's spine was corrected in an instant, bringing four years of pain to an end.

The airwaves reverberated with palpable excitement as several individuals shared the stories of the supernatural encounters they had through the healing ministry of Pastor Chris and the miracles birthed in their lives as a result.

The testimony segments concluded with Evangelist Dr. Eddy Owase urging participants to take hold of their miracles. *"Your moment has come! Refuse to be in that condition that has kept you the way you are. You can come out of it now because God's power – that power you need to change it – is available to you now,"* he said.

Anticipation accelerated and the excitement was palpable as the man of God, Pastor Chris, arrived. This was the moment many had looked forward to, and they knew it was time for transformation by the Word. The man of God dispensed healing to all needing it. Financial, physical, and spiritual healing miracles happened instantaneously worldwide as he cast out demons of pain, sickness, and torment in the Name of Jesus Christ.

From the auditorium to those on the healing line via video conferencing, and right into homes, churches, offices, market squares, and other places that had been set up as healing centers, there was great rejoicing. In hospitals, several wards were emptied as myriad diseases and disabilities that defied medical solutions succumbed to the unrivaled power of God.

Endless torrents of amazing testimonies flowed in as people everywhere tested the limits and discovered that they could now do what they had hitherto been unable to do. Every limitation and barrier had been removed in mere moments. Now, the lame walked, the deaf heard, blind eyes saw, the dumb spoke, and the dead came back to life. Truly, anything is possible with God.

For 17 long years, Teresa from Canada was in poor health due to hypertension. Three years ago, her condition worsened with the onset of diabetes, arthritis, and liver disease. As a result, she depended on a walker to stand or move around. During the healing services, she experienced a most liberating encounter. Now, the pain and discomfort have vanished from her body. She

can walk longer distances, and she can bend and get out of bed without back pain. *"I am forever grateful for this healing,"* she says.

Aniket from India, 36, endured eight years of suffering from hyperglycemia. Living in this state, he faced various distressing symptoms, including excessive dehydration, frequent urination, constant weakness, and blurry vision. Yearning for total healing, he participated in the Live Healing Services. God's healing power was manifested in his body when Pastor Chris ministered to him. Aniket is healed and his blood levels are back to normal. For him, every day is full of joy and grace because the Lord has made all things beautiful. Hallelujah!

Jasmine from the United Arab Emirates battled depression, anxiety, severe headaches, dysmenorrhea, menorrhagia, knee pain, and spiritual attacks for several years. These issues disrupted several aspects of her life until the Healing Streams. As Pastor Chris addressed the demons responsible for Jasmine's multiple ailments, transformative power flowed through her. This marvelous encounter marked the end of all pain and oppression. Jasmine is free indeed!

ANIKET FROM INDIA

After ministering to the sick, Pastor Chris taught on Jesus Christ and His Gospel. He remarked, *"The Bible is the source of ultimate truth and the only truth there is. Only Jesus Christ has the power to save you from your guilt by bringing you into friendship with God. When you know Jesus Christ, your life takes on a new meaning. You are more confident because you live by a different set of rules, and the things that oppress and destroy other people cannot destroy or oppress you."*

Finally, the man of God prayed especially for families and countries all over the world. He declared all limitations broken and he commanded peace and prosperity in every home and nation.

Undoubtedly, this chapter in the chronicles of the Live Healing Services with Pastor Chris will live on in the minds of all who were opportune to witness the spectacular divine feats wrought by the power of God.

Testimonies

My Joy Knew No Bounds

I started suffering from hyperthyroidism in 2020. By the time I learned about it, things had deteriorated. For the next two and a half years, I was placed on drugs to help me heal. The doctors advised surgery, but my thyroxine level was always too high. I took treatments and waited for months for it to normalize, but it never happened.

Due to this condition, I battled so many symptoms. I lost weight, experienced trouble sleeping, and was mostly in pain. Many tissues in my body were damaged such that I couldn't bend my fingers or do anything with my hand. With all these limitations, I had to quit my job. It was indeed a difficult time in my life.

Three surgeries were recommended; two on my hands and one on my throat. During this period, while I was still contemplating my options, a dear sister called me and introduced Healing to the Nations Magazine. I studied it voraciously and also distributed copies to others around me.

As I studied the magazine, my faith grew and I knew that God would heal me. God healed me. All the symptoms disappeared. After a while, I decided to take some tests to show my final report.

When my doctor saw the results, he was in wonder of what had happened in my life. Then, he declared me perfect and canceled every plan for surgery. I shared my healing testimony with him, emphasizing how Healing to the Nations Magazine was the tool that God used in turning my situation around. My joy knew no bounds.

I can now move my neck and hands. I can exercise as much as I want. I can wear my heeled shoes. The cramps are totally gone too. I give glory to God for my healing. I also want to thank the man of God, Pastor Chris, for his great work. Thank you for the blessing of Healing to the Nations Magazine. I am grateful to the partners of the Healing School for sponsoring the magazine to touch lives all around the world.

"When my doctor saw the results, he was in wonder of what had happened in my life. I shared my healing testimony with him, emphasizing how Healing to the Nations Magazine was the tool that God used in turning my situation around."

STAY ACTIVE ALL DAY

Consider that you wake up and sit at the breakfast table; then you move into the car or get on a bus and take a seat for the commute to work or school. In the office or classroom, you have 5 to 9 hours of sitting time, maybe more for the typical workaholic; this is punctuated by a lunch break where you would usually go to a café, restaurant, or cafeteria to sit and eat. For most people, the evenings constitute spending time with family in the living room, reading, or watching TV, all while seated.

Does the routine above reflect your daily life? You're not alone. Many people have unintentionally adopted sedentary lifestyles. If you don't pay keen attention, you will spend most of your day in a chair. As comfortable as that sounds, it's not a healthy option.

Prolonged periods of inactivity may take a toll on the body over time. Some side effects of being sedentary include weight gain, loss of strength in the bones and muscles, backache and body pains, as well as complications with bodily functions like metabolism, blood circulation, the immune system, and a host of others. Also, sitting for too long also increases risk factors for conditions like heart disease, high blood pressure, obesity, etc.

Even if you exercise regularly, it matters what you do for the rest of your day. No matter how comfortable or ergonomically sound your chair is, you need to spend less time tied to it. It's time to make a change and we have some suggestions that will reduce your chair time and help you stay active all day long.

- **Get up and move:** Take a break from work. At least once every hour or half hour, get up and walk around the room. The benefits of regular movement are profound; your system recharges with regular energy boosts and your body maintains muscle tone, burns calories, regulates glucose levels, and decreases fat. Movement also improves mental health and general well-being.

- **Create frequent opportunities for a stroll:** For instance, take the stairs rather than the elevators as often as possible. If you drive, park farther away from the building to increase walking distance. Travel by bus once a week, instead of driving from your home to the office. Rather than texting or emailing your colleague, why not walk over and have a conversation?
- **Give yourself an activity target:** You could set a daily walking target of 7,000 steps and work to meet or beat the goal as often as possible. It might take a while but you will eventually become consistent at hitting and exceeding your daily goal. Once you have, increase the target and challenge yourself to the next level.
- **Identify everyday activities you can do on your feet:** You can read your bible, answer messages, make phone calls, and conduct brief meetings standing or pacing. Your prayer sessions should also double as a window for physical activity. During the several prayer times scheduled throughout the day, move around as you pray fervently in tongues, make declarations, and proclaim prophecies.
- **Switch your relaxation activities:** Cut down on the time you spend treating yourself to movies, dining at your favorite restaurant, or playing video games with friends. Substitute them for swimming, dancing, horseback riding, surfing, or more. These options help you unwind while you're actively on the move.
- **Ditch your traditional desk:** If you're chronically deskbound, this is especially for you. There are electronic and manually adjustable desks that allow you to change the height of your workstation when you choose to sit or stand. That way, you can cut down your chair time without missing one moment of productivity.
- **Transform your workspace into a micro gym:** Add workout equipment like leg bands, rubber balls, or vertical desk treadmills to your workspace, as long as it doesn't distract you from your work and other obligations. This is especially possible for those working from home or in a personal office.

There are so many ways to keep yourself moving. You only have to decide. Choose right today and intentionally stay active all day.

Faith's Proclamations of HEALING & HEALTH

“...for he hath said, I will never leave thee, nor forsake thee. So that we may boldly say, The Lord is my helper, and I will not fear what man shall do unto me” (Hebrews 13:5-6).

In demonstrating your faith in God, it's important to understand that believing is not the end. You start with believing, but you've got to voice what you believe in your heart. That's how faith works! First, you believe, and then you speak.

The spirit of faith works by believing and speaking. When God's Word comes to you, faith comes alive in your heart and you can't remain quiet! You voice it out. A similar thought is expressed in **Matthew 12:34**, where the Bible says **“...for out of the abundance of the heart the mouth speaketh.”**

Speak words of faith at all times; don't speak negative words of fear and unbelief. As you do this consistently with faith in your heart, you'll find that the power of God will always be activated in your life, and the ministry of the Holy Spirit in your body will become your everyday experience.

CONFESSIONS

As the rain comes from heaven and waters the earth, causing it to flourish, so is the Word that goes from my mouth; it shall not return unto me void. In my life, health, body, business, and ministry, the Word accomplishes God's purpose and the perfection of His design.

The Holy Spirit leads me from glory to glory. I follow Him in the Word, by the Word, and through the Word. God's Word gives me light and direction and holds the solution to every problem. Irrespective of what signs or symptoms may appear, the Word ministers health to my body.

I am ever conscious of the presence of God and the indwelling Christ. The Holy Spirit lives in me and I live in Him. I am always in the presence of God, the Father of Lights, with whom there is no shadow of darkness, disease, or death. I am ever surrounded by the light and life of God.

No matter what happens, I can never be disadvantaged. My heritage as the new creature in Christ is dominion and authority over contrary circumstances and adversities. I have and exercise dominion in my health, family, business, and in all my affairs, to the glory of God the Father.

I am that tree planted by the rivers of water. I do not see when heat comes; I flourish in health, even as sickness ravages the world. I am full of life and health. Hallelujah!

I have a new life in Christ. The old is dead and gone. I walk in the newness of life and I reign over sin, Satan, and circumstances. My life is an expression of the righteousness of God and I showcase perfection and excellence in my health, work, and studies.

I live a life of righteousness and eternal dominion over all infirmities and illnesses. I'm alive in Christ. I live in the presence of the Father; justified, holy, and righteous before Him. I am glorified in Christ and perfected in beauty. The excellence of divinity is at work in me.

I am one with the Father. I am the glory of God! God has raised me to a heavenly dignity, a heavenly condition, and a heavenly state of being. I exude and manifest righteousness, excellence, and perfection always.

My life is one of ever-increasing glory. The Holy Spirit lives in me in His fullness. Through the study and meditation on the Word, I'm constantly transfigured from glory to glory. God's Word ensures my health and His wisdom grants me access to success, victory, and unending prosperity.

God's Word is my life and the truth by which I live today and every day! I walk in truth, filled with the knowledge of God's will and in all wisdom and spiritual understanding. I live in mastery over fear, sickness, poverty, and death.

OUR WALK OF FAITH
- Pastor Chris

CONSOLIDATING VICTORIES
- A Global Miracle Faith Seminar Report

OUR WALK FAITH

**"For we walk by
faith, not by sight"
(2 CORINTHIANS 5:7).**

Faith is the way of life of the Christian. Another translation of the above verse says: **"But we live by faith, not by what we see" (2 Corinthians 5:7 CEV).** This means we live by faith and not by our sensory perceptions. We regulate or conduct our lives by faith in God's Word and not by what our senses see, hear, or feel. We accept whatever the Word of God says as the final authority in our lives.

In **Hebrews 11:1**, the Bible gives us the best definition of faith. It says, **"Now faith is the substance of things hoped for, the evidence of things not seen."** Faith is proof that you have what you hoped for. You don't say, *"I'm trying to 'faith' it,"* or *"I'm trying to get it by faith,"* because faith means you have the proof that it's yours.

If it's true faith, you won't come back to say, *"I had faith but it didn't work."* Faith means it worked because faith is the evidence. You can't have evidence of something that doesn't exist. Faith doesn't try to get or receive something. Faith claims it has happened because it has already possessed it!

In **Romans 10:9-10**, the Bible says, **"That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation."**

You believe with your heart but until you act your belief by confessing the Lordship of Jesus with your mouth, you will not be saved. Believing is where it starts, but to experience the reality of God's Word, your believing must translate to faith. You've got to act on what you believe. Acting on God's Word is what makes the difference!

The Bible shows us that every one of God's children has faith. It's not something you squeeze out and try to do. It was imparted to your spirit the day you were born again. **Romans 12:3** says, **"For I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according as God hath dealt to every man the measure of faith."**

However, that measure of faith you have is not enough for everything. It's got to grow! When you use your faith, the result is that it will reproduce and multiply. Also, you will have more confidence to walk by faith because of the results you've had!

If you were taking five tablets a day for a medical condition, keep speaking the Word and acting your faith. Soon, you'll notice that you need only two tablets a day. Then, after some time, you'll discover that one tablet is doing the job of five. Before long, you'll be completely off the drugs and living free of medication!

You must use the Word and fight the fight of faith. The Bible says, **"...Resist the devil, and he will flee from you" (James 4:7).** That's how you grow your faith. And when you win, you'll start enjoying life without drugs and pains!

Now, you can be sure that Satan will try to fight you in every way to bring the pain back to your body. Your response to such circumstances and events is very important. When you feel that pain, even if all you have is a little strength at the time, speak in other tongues forcefully and rebuke the devil sharply. Then, thank the Lord for the healing you already received and maintain your declarations of faith.

Start exercising your faith today. It won't be long before it becomes giant faith, and then you'll find yourself doing great things and living the glorious life that God planned for you. Hallelujah!

Every Day is Full of Testimonies

Watching videos of previous editions of the Healing Streams Live Healing Services, Vina realized that she didn't have to go on living in pain. She registered for the next edition and prepared for her miracle. During the healing services, she participated via video conference and was in a private room to avoid distractions. It was indeed a time of visitation. *"When the man of God called me and prayed for me, I got up from my seat and I was excited as I received my complete healing,"* she reports.

Vina's back is straightened, and there is no more pain, dizziness, or pressure. Now that she is healed, Vina attests to enjoying daily life more than ever before: *"Life is even more glorious now. Every day is full of testimonies in my spiritual life, ministry work, my job, and more. I experience divine health, blessings, grace, and favor daily. I feel so much energy. I can lay down flat. I can move with ease, unlike before."*

Vina from the Philippines had congenital s-shaped scoliosis. She grew up with constant pain in her left leg, headaches, and dizziness. Her organs were displaced. Also, she suffered heart palpitations and mitral valve prolapse.

"I couldn't walk or lay down flat without experiencing pain and dizziness. I would have to reposition myself often due to the stiffness. Added to the frequent pain and discomfort, the condition impacted my height development as I grew up. I also experienced an unusual numbness and pain in my hip and thigh area at the time of menstrual cycles," she states.

Furthermore, her story has inspired faith and hope, thus connecting others to their miracles. *"After hearing my testimony, my friends and family want to hear more about the Healing Streams. One of my colleagues and her family participated in the Healing Streams, received miracles, and became active in the church. Glory to God!"* she says.

I Felt the Love of God

In 2022, over a period of five months, Christian fell into a deep depression when several issues in his life came to a head. During that time, he experienced angry outbursts, irritability, frustration, insomnia, tiredness, reduced appetite, agitations, and recurrent suicidal thoughts. Feeling lost and confused and with no idea how to rid himself of this burden, he lost all motivation in life. *"I was not well. Everything was going wrong in my life. I kept hearing voices telling me nobody loved me or cared about me. I couldn't pray to God and I felt like killing myself,"* he says.

In this state of helplessness, Christian heard about the Healing Streams Live Healing Services with Pastor Chris. He had a most vitalizing encounter when Pastor Chris ministered healing to the global audience. *"During the Healing Streams, after hearing the words from Pastor Chris, I felt the love of God. I was feeling like a new man and I started to pray. Now, my past is gone. I don't hear any negative voices anymore and I enjoy my life. The depression is gone. Thank You, Lord Jesus!"* he enthuses.

Light from God's Word prevailed in Christian's situation and he has gained victory over everything that he once battled. Glory to God!

A Jubilee of MARVELOUS MIRACLES & TREMENDOUS TRIUMPHS!

A Permanent Change

Ten years ago, Wu Ailing from China suffered from lumbar disc herniation and had to undergo surgery. Afterward, she experienced constant numbness from her right foot to her buttocks. Her health was further complicated when she discovered lumps in her breasts in 2018. She had another operation to remove the lumps, only to have new ones regrow 18 months later. She tried traditional treatments and alternative therapies, but there was no improvement.

She gladly accepted an invitation to participate in the March 2023 Healing Streams, yearning for an end to her problems. During the healing services, Wu Ailing connected in faith and enjoyed a transforming experience.

She testifies: "On the second day, I was highly focused on receiving my miracle when Pastor Chris said, 'You are next. It's time for your healing.' I went to sleep that night, as usual. When I woke up the next day, I touched my breasts and found that the tissue was soft and normal. I checked over and over and there was nothing! Also, the numbness in my leg is gone. Thank God! And thank you very much, Pastor Chris."

Several Years of Severe Pain, Now Gone!

For a long time, Denise from Syria lived with the pain and discomfort of lower back pain caused by spinal disc herniation. It got so bad that she couldn't stand or walk for long without assistance. This affected her work and she could no longer carry out her duties or care for her family. All remedies and prescriptions proffered could not combat the pain for long; there simply wasn't any cure for her agony. It seemed that she was out of options.

Hope bloomed in Denise's heart when she heard of the Healing Streams Live Healing Services with Pastor Chris. She registered and eagerly participated when it was time, believing that God would heal her. Her expectations came to fruition when Pastor Chris commanded healing to her body after instructing everyone with spinal pain to place their hands where it hurt.

"I felt a soft touch on my lower back and knew the Lord Jesus had performed a miracle. I started jumping and screaming joyfully, moving a lot and doing all I couldn't do before. Just like that, the severe pain was gone, after several years!" she attests. Today, Denise is full of smiles and her life is full of endless possibilities. She runs, jumps, and cheerfully carries out her responsibilities to her family and at work. Praise the Lord!

The Most Valuable Thing

During a routine medical checkup in 2019, Armin from Switzerland received sudden drastic news. He was diabetic and would have to immediately start treatments and a restricted diet.

Before he fully adjusted to this new regimen, more worrying symptoms appeared; passing stool and urinating became increasingly difficult. Subsequently, he was diagnosed with BPH (benign prostatic hyperplasia). Having been plagued with severe migraine, three herniated disks, and acute reflux years before, the latest development was one ailment too many.

Seeking a permanent solution to all that ailed him, Armin found solace in God's Word. Then, news of Healing Streams Live Healing Services with Pastor Chris reached him. Convinced that God wanted him healthy, he resolved to receive his sacred due and registered for the program.

Armin's moment of divine visitation came when Pastor Chris ministered to him. He talks about the experience: *"When the man of God touched me, I fell and felt something go out of me. I was so thrilled because I knew in my spirit that I was healed."*

"Today, I am completely well. No more diabetes, acid reflux, or migraine. I can drive and even lift 50-kilo sacks effortlessly. For most of my adult life, I was hurt by diseases. But in one moment, I was healed. Now, I translate Pastor Chris' messages and tell people about the Healing Streams. Bringing people to God this way is the most valuable thing."

CONSOLIDATING VICTORIES

Esteemed Reverend Ray Okocha

Every edition of the Global Miracle Faith Seminar (GMFS) is an enlivening celebration of the countless unforgettable encounters with divinity that result from the world-renowned Healing Streams Live Healing Services with Pastor Chris. The last episode, which was held on Saturday, 15th April 2023, was a time of extraordinary bliss for many who participated in homes, private spaces, and healing centers around the world.

The program kicked off with a segment of earnest prayer led by Pastor Rhoda Olusina – a Healing School minister. She also discussed with people connected via video conference who shared their expectations.

Sharing Expectations

In an exhilarating testimony segment, Pastor Dave Ogbaka – another Healing School minister – had inspiring discussions with several people who had great real-life stories of the workings of the supernatural in their lives. He cheered them as they shared their incredible testimonies with the world, highlighting the exploits they are making as a result.

Such was the account of Annah Chigwa who dealt with cerebellar syndrome for many years. The condition made life tough for her as a wife and mother. Constantly experiencing shortness of breath and other distressing symptoms, Annah searched for healing and a permanent solution until she discovered the Healing School. She attended a session and was healed when the man of God, Pastor Chris, ministered to her. Now healed, Annah is

a dispenser of the healing grace to people in her world through regular healing outreaches with Healing to the Nations Magazine.

A senior minister at the Healing School, Reverend Ray Okocha, ministered graciously in exhortations. Referencing the Scripture in 1 John chapter 10, he said, *“You have a new life – the God-kind of life – that isn’t subject to sickness. It is above infirmity and the devil because you no longer live by blood. You are born of God and you have His nature. It is important you have a deep understanding of this truth.”*

Afterward, Reverend Ray prayed for the sick and blessed the participants, uttering dauntless commands in the Name of Jesus. The Lord wrought diverse miracles and shouts of victory and rejoicing echoed everywhere.

Pastor Dave returned to the stage to share some of the miracles that had taken place across various centers in different parts of the world.

Cynthia from Jamaica shared: *“I had a tumor in my breast and it caused me pain. The pain was still there when I started participating in the Global Miracle Faith Seminar. But immediately Reverend Ray prayed for the sick, the pain ceased. Glory to God!”*

Roberta from the USA testified: *“During the Global Miracle Faith Seminar, I got healed of back pain and headaches that I had endured for 20 years. I have started doing the things that I couldn’t do before. Hallelujah!”*

Don’t miss the next edition of the Global Miracle Faith Seminar. It will be another grand opportunity to consolidate our victories from the just-concluded Live Healing Services. It promises to be a destiny-changing experience.

Out for healing outreaches

Doing chores now

God healed me of asthma. For a year and a half, I was so sick and tired all the time. I couldn't even walk for five minutes. I got tired going up or down the stairs. Work became very hard for me because I couldn't breathe and I felt that way all the time. I went to the doctor and he provided some medicine, including an inhaler that I had to use every two to three hours. So, I was hooked on the medications.

I have a nine-year-old son and it was hard for me to take care of him sometimes. I couldn't even take care of myself, so it was very difficult. I cannot tell you how terrible I felt about my situation. I spent so much money and so much time on hospital appointments and each time I was told, *"You still have asthma and it's going to be there forever."*

Then, one day, I said to myself, *"No!"* I prayed to the Lord and asked Him to heal me and started to inquire what I needed to do to improve my condition. Not long after, I was reunited with my church – Koinonia Christian Center. My pastor told us to be available to share Healing to the Nations Magazine and prepare others to receive miracles. I wondered how I would tell people this when it hadn't happened to me. That was when the Holy Spirit told me, *"You are going to receive your miracle."*

We were out on the streets, handing out magazines, preaching God's Word, and praying for healing and salvation. Out of nowhere, I started coughing. Some phlegm came out and it was painful. Shortly after, I started breathing differently. Then, I noticed that several hours passed without me needing the inhaler. I had received my miracle! I cried and praised the Lord. Everybody started cheering.

It wasn't just that God healed me while I was reaching others, it was that nobody needed to pray for me. Just holding the magazine was powerful enough for me to receive my miracle. God brought me from sickness to health and I praise Him.

"...nobody needed to pray for me. Just holding the magazine was powerful enough for me to receive my miracle. God brought me from sickness to health..."

I clean houses and when I had asthma, I couldn't even lift the vacuum cleaner, but I can lift it now and even take it up the stairs. I have received my miracle and I thank God. So many other people received their miracles that day as well, and I just want to thank Pastor Chris for bringing Healing to the Nations Magazine to us. I love you.

Flu-Proof Guide to Navigating the **COLD** Weather

It's getting colder outside, so it's time to break out the sweaters and turn on the heat where necessary. As the temperatures drop, staying as warm and dry as possible becomes a higher priority to help counter the effects of the weather on one's body. Eating a warm breakfast, taking hot showers, or wearing sturdy shoes in cold weather make the difference between toasty comfort and shivering discomfort.

Below are some proactive steps to help you stay warm and flush with health throughout the seasons.

- **TAKE COVER:** Dress for the weather by layering up your lovely outfits with cardigans, coats, hats, mittens, or a scarf when outside. Sturdy boots and other covered footwear will keep your feet warm and dry during this period, especially when caught in an unexpected downpour. It's also handy to always have an umbrella with you.
- **WARM SHOWERS ARE GOOD FOR YOU:** A warm shower brings instant warmth and cheer when it's cold. The steam allows the body to reach its average temperature while opening nasal passages and removing germs or bacteria. Don't make the water too hot to avoid dry skin and hair breakage.
- **EAT A BALANCED DIET:** Warm homemade meals are always the best choice, so try as much as you can to avoid fast foods and unhealthy snacks this season. Consuming balanced and nutritious meals is essential, as they give your body all the support it needs to stay warm and fight off infections.

Make your meals and snack time more colorful this season by increasing your quota of veggies and fruits, especially those packed with vitamins C and D. They are not only delicious but also great at boosting the immune system and quite effective against harmful bacteria.

Also, consider adding more soups to your meals. Broths are a quick fix with great nutritional value that keep you warm, hydrated, and sated. Chicken soup is particularly beneficial during cold weather and can quickly reduce upper respiratory infection symptoms.

- **STAY HYDRATED:** Water is called the nectar of life for a reason. Staying hydrated is essential because cold weather dries up the sinuses and narrows your blood vessels. Drink at least six to eight glasses of water daily, even if you're not thirsty. Doing so keeps the skin, nails, and hair hydrated, and also helps the organs work properly.
- **REGULATE AIR-CONDITIONED ROOMS:** To avoid lowering core body temperatures, regulate your air-conditioned room temperature to between 64 and 75 degrees Fahrenheit (17 to 24 degrees Celsius) before you enter.
- **CLEAN YOUR COMMUNICATION DEVICES REGULARLY:** Many microorganisms can stay on the surface of your digital devices for up to 8 hours, and some can survive for longer. This means your phone, computer, keyboard, and ear pods need more cleaning than usual this season, so clean them at least once a day with disinfectant wipes; do it more frequently if you can.
- **STAY ACTIVE:** Intentionally find ways to exercise in warm spaces during this period. This will help you keep warm and boost your immune system by quickening the circulation of white blood cells that fight off the common cold and other infections. Exercising will also improve your mood and help use up some calories from all that healthy food you will be consuming.

You're all set! But always be conscious that eternal life is at work in you and you radiate divine health at all times.

FAITH'S PROCLAMATIONS OF HEALING & HEALTH

“We having the same spirit of faith, according as it is written, I believed, and therefore have I spoken; we also believe, and therefore speak” (2 Corinthians 4:13).

Many times when people face difficult situations, they want to tell others about it because they think they may just die in that trouble. The truth is, you're not supposed to tell what you're going through but to tell what God's Word has done for you. Our responsibility is to testify to the Word.

In that difficult situation, it is important to know that you've got to voice your faith. You must declare the truth of what God's Word says you have. **2 Corinthians 4:13** says, **“We having the same spirit of faith, according as it is written, I believed, and therefore have I spoken; we also believe, and therefore speak...”** Faith speaks!

Get to the Word of God and discover for yourself what Christ accomplished for you, then accept it and say it! There may be a medical report that shows something has gone wrong with your physical body. Your first reaction shouldn't be to find someone to share that negative report with; you ought to declare the Word of God concerning you, which you believe in your heart. That's the fight of faith! And when you stick to the Word, you're sure to have a testimony!

CONFESSIONS

As the rain comes from heaven and waters the earth, causing it to flourish, so is the Word that goes from my mouth; it shall not return unto me void. In my life, health, body, business, and ministry, the Word accomplishes God's purpose and the perfection of His design.

The Holy Spirit leads me from glory to glory. I follow Him in the Word, by the Word, and through the Word. God's Word gives me light and direction and holds the solution to every problem. Irrespective of what signs or symptoms may appear, the Word ministers health to my body.

I am ever conscious of the presence of God and the indwelling Christ. The Holy Spirit lives in me and I live in Him. I am always in the presence of God, the Father of Lights, with whom is no shadow of darkness, disease, or death. I am ever surrounded by the light and life of God.

No matter what happens, I can never be disadvantaged. My heritage as the new creature in Christ is dominion and authority over contrary circumstances and adversities. I have and exercise dominion in my health, family, business, and in all my affairs, to the glory of God the Father.

I am that tree planted by the rivers of water. I do not see when heat comes; I flourish in health, even as sickness

ravages the world. My leaves are luscious and green, full of life and health; vibrant, prosperous, successful, and fruitful. I radiate the glory of God. Hallelujah!

I have a new life in Christ. The old is dead and gone. I walk in the newness of life and I reign over sin, Satan, and circumstances. My life is an expression of the righteousness of God and I showcase perfection and excellence in my health, work, and studies.

I live a life of righteousness and eternal dominion over all infirmities and illnesses. I'm alive in Christ. I live in the presence of the Father, justified, holy, and righteous before Him. I am glorified in Christ and perfected in beauty. The excellence of divinity is at work in me.

I am one with the Father. I am the glory of God! God has raised me to a heavenly dignity, a heavenly condition, and a heavenly state of being. I exude and manifest righteousness, excellence, and perfection always.

My life is one of ever-increasing glory. The Holy Spirit lives in me in His fullness. Through the study and meditation on the Word, I'm constantly transfigured from glory to glory. God's Word ensures my health, and His wisdom grants me access to success, victory, and unending prosperity.

Stay in the ENVIRONMENT of FAITH

“For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, *even our faith*” (1 John 5:4).

If you’ve ever seen an orange seed, I’m quite sure the one you saw didn’t have leaves, branches, and fruits on it. I’m also certain it wasn’t crying, *“Help me, I need a stem and branches; I need roots and leaves!”*

When you saw it, it was just a little seed, and if you wanted to grow it, all you had to do was put it in the right environment. Everything it requires to produce a tree with roots, leaves, branches, and fruits (with many more seeds in them) is inside that little seed.

All a seed requires to grow is to be placed in the right environment. The environment you need for that change you desire to take place is the environment of faith. If you’re outside the environment of faith, you’re in trouble because that’s where fear, failure, and defeat thrive.

Hebrews 11:6 says, **“But without faith *it is impossible to please him*: for he that cometh to God must believe that he is, and *that he is a rewarder of them that diligently seek him.*”**

The Bible says in 1 John 5:4, **“...and this is the victory that overcometh the world, *even our faith*”** Faith is a leap on God’s Word. It’s taking a stand on God’s Word and insisting on its reality.

Many of God’s children live too much on the natural level of life. They see everything at this level. They feel

something in their bodies and they conclude they’re sick. They look around and they figure they can’t make it. They look around and see all the difficulties of life, then they say, *“Oh God, see what I’m going through!”*

“But the righteousness which is of faith speaketh...” (Romans 10:6). The truth is, you’re not supposed to say what you’re going through. Rather, tell what God’s Word has done for you; testify of the Word. Get to the Word of God and discover for yourself what Christ accomplished for you, then accept it and say it!

There may be a medical report that shows something has gone wrong with your physical body. Your first reaction shouldn’t be to find someone to share that negative report with; you ought to declare the Word of God concerning you, which you believe in your heart. And when you stick to the Word, you’re sure to have a testimony!

Let God’s Word become the light by which you see. Then, you’ll discover that the condition is a mirage; it’s not real. The doctors may have said, *“There’s no way out, you’ll never get well,”* but the reality is what the Word of God gives you.

When you function in faith, it doesn’t matter what you go through, your life will be tops all the time! Even when change seems impossible, you’ll know that you can only come out victorious!

An Outpouring of HEALING & MIRACLES

Healing Streams Live Healing Services with Pastor Chris are characterized by demonstrations of overwhelming grace and manifestations of God's love for all nations. Waves upon waves of God's liquid love and healing power flow over the earth, carrying wholeness and salvation to people everywhere.

Every healing service is an ode to the awesome splendor of God's dynamic power. Each encounter unveils His inimitable grace and virtues, aligning all in the global congregation with His perfect will for their health.

Beginning with rapturous moments of worship led by the Loveworld Singers, participants offer the calves of their lips in praise to God. Thereafter, senior ministers of the Healing School inspire many in the audience by sharing testimonies and victory reports, and by exhorting them on how to prepare for their miracle moments.

Attendees have their faith revved up and all doubts nullified during the special testimony segments where

several individuals share the amazing stories of how they received their extraordinary miracles.

Primed and ready to obtain their miracles, expectations reach fever pitch as the Man of God arrives and ministers to all that are afflicted. Whether participating onsite, via video conferencing, or at healing centers in different parts of the world, the effect is the same as people encounter the power of God.

Within moments, outbursts of joy fill the air, suffusing the nations with praises to God as people discover their healing across the globe. Suddenly, the blind can see, the deaf can hear, the lame can walk, the maimed are restored, chronic pains vanish, autistic children are made whole, and demons are cast out.

Today, the world is teeming with many testimonies of miracles wrought at Healing Streams Live Healing Services with Pastor Chris, bringing courage and conviction to all who are sick and heavy-laden.

CLARA IS FREE AND JOYFUL

For 38 long years, Portuguese-born Clara Cecilio's life was subjected to wheezing, heart palpitations, and shortness of breath. These exhausting symptoms were the effects of asthma, a condition she had since she was 24 years old. As weeks turned into months and years, without a solution to improve her condition, she became depressed and despondent.

Clara heard about the Healing Streams and realized that a supernatural intervention would bring her protracted suffering to an end. She registered and participated live from the United Kingdom. When the man of God ministered to her via video conference and declared her healed and free in the Name of the Lord Jesus, it was an auspicious moment that changed Clara's life forever.

"When Pastor Chris prayed for me, the power of God came upon me. After that, I took all my medications and put them in the bin because I'm free! I can run up and down the stairs and I can go to the gym. I don't feel any shortness of breath or heart palpitations anymore. Emotionally, I am calmer and more joyful. I am thankful for what happened in my life," she testifies.

NO MORE HEART DISEASE & VARICOSE VEINS FOR ZHANG

Living with heart disease made daily life an agonizing uphill task for Zhang Xianjun from China. Over the years, it had resulted in the development of varicose veins that was so severe that his legs had become swollen with ulcers. In constant pain and discomfort, he was subjected to a lot of medications, but he longed for an end to his troubles.

Zhang's life reached a dramatic turnaround when he attended the Live Healing Services. Not only was his body healed and restored, but he also received salvation in Christ and has truly begun life anew. Now, he shares his experience: *"As I participated in Healing Streams Live Healing Services, I focused on Pastor Chris when he was praying for those with heart conditions because I knew he was praying for me too. He said to breathe in and out, and I did. After that, I was completely healed. My legs that were rotting are healed now and my whole body has been made whole. I thank the Lord for giving me a brand new heart. Thank you, Pastor Chris. I love you."*

An Outpouring of HEALING & MIRACLES

FOR SONIA, EVERYTHING BROKEN HAS BEEN HEALED

Sonia Commensoli from Italy broke her femur in an accident that happened in January 2023. From then until the Live Healing Services in March, she had to use crutches to move about. Confident in the infallible power of God's Word, she participated in anticipation of a restorative experience.

"The last time I went to see the doctors was the day the Healing Streams started and I decided it was the last time. On the third day, Pastor Chris proclaimed healing to broken bones as he prayed for me. I fell under the power of God and received healing. Before that day, I could only walk with the help of two crutches. But now, I can walk without them. I've stopped all therapies and treatments and the Holy Spirit has healed everywhere in my life that was broken," she joyously reports.

Healing Streams Live Healing Services will take place from Friday 28 to Sunday 30 July 2023. The power of God is ready to light up the world again with healing virtues and inexplicable blessings.

Once again, the air is loaded with excited expectations as nations and people from every walk of life gear up to experience yet another extraordinary fiesta of the supernatural.

"We are very excited about the upcoming Live Healing Services and we are going all out to ensure that everyone hears about this program and participates. We expect to see diverse kinds of miracles, signs, and wonders like we have never seen before. We expect to see many give their hearts to Christ and the healing streams of God flow through all the nations of the world," says Victor Shine from Myanmar.

Anthea from South Africa expresses her excitement as this destiny-defining encounter with the Lord draws near: *"I expect thousands of people to be released from sickness and disease and for so many more to be reached with the Gospel of Jesus Christ."*

In anticipation of a truly splendid episode, God's people are gathered in different parts of the world, praying ceaselessly through sessions hosted in virtual centers for Healing Streams One Million Prayer Clouds.

And the miracles are taking place already as saints worldwide prepare people and places for the miraculous by organizing healing outreaches with Healing to the Nations Magazine and planting healing centers in every neighborhood, city, state, and nation on earth.

GOD PERFECTED EVERYTHING

~ Onosai Famuina's Story

One day in December 2019, 69-year-old Onosai Famuina from Hawaii, USA, suddenly started feeling weak, dizzy, and numb. Within a few hours, the symptoms escalated and were soon followed by seizures, until he passed out. At the hospital, he was diagnosed with a stroke and was promptly admitted to the intensive care unit.

Thus began a rather trying phase in Onosai's life. This unexpected turn of events brought diverse complications like limited mobility, bedsores, stiffness, body pains, and headaches. Instructions and restrictions from the doctors and the side effects of some of the medications he had to take further compounded his condition. Subsequently, he was hospitalized again in March 2020 and further diagnosed with a stomach ulcer and bradycardia (slow heart rate).

Dealing with brain, heart, and stomach conditions, Onosai's life became a cycle of hospital appointments and medications. Still, it seemed there was no escape from the pain that plagued him day and night. Regardless of the treatments and the incremental dosages, the symptoms persisted. Onosai suffered loss of appetite, shortness of breath, drastic weight loss, fatigue, and inability to walk long distances or carry weighty objects.

"It was a bad time in my life. It affected everything; my entire family, including my children and grandchildren, had to give up parts of their life to focus on me. My work for the Lord was put on hold. Normally, I would fix my cars and do simple chores around the house like repairing the roof, fixing the plumbing, and things like that. But when I became sick, I couldn't do anything," he states.

Life for Onosai was no longer the same. The symptoms worsened as the months wore on, bringing him to a juncture where hope for recovery and a return to normalcy became very dim. But that hope was rekindled and it shone brighter than ever when, like rays of sunlight on a cloudy day, news of the October 2021 Healing Streams Live Healing Services with Pastor Chris reached him.

"I have been listening to Pastor Chris for years and he says to keep speaking God's Word. So, even though I was very sick, I refused to give up. With the Healing Streams, I had hope that I would receive my healing

"It was a bad time in my life... My work for the Lord was put on hold. Normally, I would fix my cars and do simple chores around the house like repairing the roof, fixing the plumbing, and things like that. But when I became sick, I couldn't do anything."

and God would perfect everything," Onosai recalls.

Participating with his children and grandchildren at the healing center they had set up at home, Onosai was full of faith and ready in his heart for a miracle. He gave every segment of the program his undivided attention, and his faith was raised as he listened to testimonies from those who got healed.

When the man of God, Pastor Chris, gave the word, Onosai took hold of that pronouncement that would change his circumstance forever. He tells the story of

that glorious encounter: *“On the first day of Healing Streams, I was prepared for my miracle. When the man of God said, ‘Be healed, be free!’ I took hold of that word. I didn’t have any doubts or second thoughts. I believed and I stood up and danced with joy.”*

Energized by the power of the Holy Spirit, Onosai has not stopped rejoicing over what the Lord had done in his life. He is revived and full of life, and can now do all the things he couldn’t do before.

Now, Onosai lives and enjoys a life of hope, peace, and joy. The ulcer is gone, his heart rate is normal, and he breathes easily. With his appetite restored, his strength has been replenished; he walks long distances and lifts heavy objects without trouble. He has never been healthier. *“After the program, I went back to the hospital for a checkup and I got the best report; everything was normal in my body,”* he attests. Glory to God!

“After the program, I went back to the hospital for a checkup and I got the best report; everything was normal in my body.”

Onosai; fit, healthy, and back to work.

Sharing his riveting testimony with the world at a recent healing service, Onosai marveled at how different his life became when the Lord turned his situation around. *“Years ago, I was invited along with some others in my church to come to Nigeria for a program with Pastor Chris. I couldn’t because the illnesses meant that I couldn’t sit that long on a journey. But look at what God has done for me! I traveled 29 hours from Hawaii to Lagos, Nigeria, completely pain-free. Thank you, Father!”* he enthused.

Onosai gives anyone expecting a miracle this admonition: *“If you are in pain or suffering from any kind of illness, believe with your heart. We all know that God can do everything but what He will do for you depends on your faith. I believed the Word of God and I have a miracle today. It can happen for you, too.”*

Ending his triumphant tale on a note of gratitude, Onosai says, *“Thank you, partners of the Healing School. Thank you for your seeds, your time, and all that you do to make the Healing Streams a reality. I am the testimony of your seeds. Pastor Chris, I don’t have enough words to express how much I feel about what you have done. God bless you abundantly. Please, keep up the good work.”*

PRACTICE HEALTHY LIVING

Your body belongs to God; it is the tabernacle of the Holy Spirit, His house. Though your body belongs to God, He made you its caretaker. God has already done all He needs to do about your health, so there's no reason not to enjoy divine health every day. You ought to be healthy and strong always and the responsibility to keep your body right is on you.

Healthy living is a conscious lifestyle that is obtainable by making positive choices and developing healthy habits for the improvement of your well-being. What you do with your body, or to your body, will determine the quality of your health – physically and otherwise. Cultivate healthy habits that will keep your body healthy. Remember, every habit starts with one choice that is reinforced repeatedly. Outlined in this article are some healthy living practices.

MEDITATE ON THE WORD

God's Word is true medicine to your body. The Bible says that the Word is life unto those that find it and health to their flesh (Proverbs 4:22). The importance of the Word of God cannot be overemphasized. Study and meditate on God's Word concerning your health and make bold faith confessions every day; it will produce the result of what it talks about in your body.

KEEP A HAPPY HEART

A happy heart is good medicine and a cheerful mind works healing, but a broken spirit dries up the bones (Proverbs 17:22 AMPC). Some diseases, such as cancer, draw strength from depression, bitterness, anger, resentment, malice, and sadness. But laughter has curative powers and is an expression of joy and cheerfulness. If people who are sick or faced with dire circumstances in their lives would act simply on God's Word by learning to laugh often, they'll be amazed at the sudden change. You have joy in your recreated spirit; as such, laughter is natural for you. Learn to pull back and laugh often as part of your healthy living routine.

DRINK WATER

Water is essential, as it is the basis of fluids in the body. Water detoxifies and expels wastes from the body, transports nutrients to the cells, regulates core body

temperature and pH levels, and supports a multitude of physiological processes. Being well-hydrated elevates energy levels and can help alleviate headaches. Also, many common health problems can be avoided by simply drinking more water. Dehydration causes fatigue, depression, high blood pressure, weakness, and loss of energy. Drink water when you feel thirsty, rather than juice, carbonated drinks, or other beverages. Drinking lots of water every day will help you stay healthy!

EAT RIGHT

What you eat will affect how healthy your body is. Be sensitive to the Holy Spirit about what you take and don't. At maturity, feeding goes beyond what you like. Don't eat for merry-making, eat for strength. Eat food for what it does for you. A properly planned nutritious diet will provide energy and the needed materials for growth, bodybuilding, and repair of tissues, thus sustaining immunity and enhancing functionality for all systems and organs in the body.

REST

To be the best of you at all times, you must allow your body to rest and refresh itself through sleep. Good sleep and proper rest have many advantages, ranging from a healthy heart and maintaining an ideal weight to wellness of mind and much more. Give up the use of stimulants to keep you awake or sedatives to help you sleep. Be mindful of factors that hamper sleep, like too much exposure to screens, noisy environments, etc. Discipline your body to sleep and wake up when you want to. Speak in tongues and speak God's Word over your body to make it conform to the sleep pattern that you desire.

EXERCISE

Keeping fit isn't just for athletes or artistes; it's for everyone. Exercising should be a part of your daily or weekly routine to keep your muscles toned and your body fit. Easy exercises range from swimming and walkings to doing household chores. Regular physical activity prevents the development of various conditions. Sticking with a sedentary lifestyle will adversely affect your health, so be sure to exercise often. Also, exercise your whole body, including your eyes, ears, and mind.

FAITH'S PROCLAMATIONS OF HEALING & HEALTH

“...If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you” (Matthew 17:20).

A mustard seed is a very small seed, yet Jesus said if you have faith as small as that seed, you would tell a mountain to move and it would, and nothing shall be impossible unto you. In other words, with the smallest amount of faith, you can have mighty miracles, if you would put it to work.

Faith is the substance of things hoped for, the evidence of things not seen (Hebrews 11:1). It is the confident assurance that what you have hoped for is there, and the conviction of the reality of things that you don't see. Now, Jesus said, *“If ye have faith as a grain of mustard seed, nothing shall be impossible unto you.”* This means that, with faith, you can change anything! Your faith is the victory!

What is that mountain of infirmity that has weighed you down for so long? Don't cry to God; use your faith to remove it! When you do this, you can be sure there will be a change! Even when it seems like nothing happened, keep acting your faith; it's only a matter of time before the change will be evident for all to see because faith always works!

CONFESSIONS

I have received the abundance of grace and the gift of righteousness. I reign as a king in life by the Lord Jesus Christ. I am kinging and reigning in life. I reign over sin, death, disease, and infirmity. I have absolute dominion.

I am righteousness conscious. Righteousness gives me dominion. I live above Satan and his vices. Because I have peace with God through the Lord Jesus Christ, I refuse to be subject to the elements of this world. Instead, I reign and I rule over them.

By the power and authority of the Lord Jesus Christ, the whole world is subdued before me. I have mastery over circumstances, demons, and their manipulations. I have victory in my health and finances, and in every situation.

I am of God. I belong to Him and my origin is from God. Therefore, I have overcome the world. I have defeated Satan and the cohorts of darkness because Greater is He that is in me than He that is in the world. I refuse to fear sickness or any device of the devil.

I am not ordinary. I am like the Lord Jesus. As He is, so am I in this world. I already have victory over Satan, death, hell, and the world. I am fearless. I have no sense of lack. I live in absolute mastery and dominion over all things.

I have the divine nature, the nature of righteousness and eternal life. The same Holy Spirit that worked in Jesus is at work in me today, causing me to shine in health, peace with prosperity, and unstoppable success. Glory!

Through me, Christ – the perfection of beauty – shines. God made me perfect; there is nothing in me that should not be there, and there is nothing that should be in me that isn't there. All the systems of my body are functioning optimally and in good health.

Whatsoever is born of God overcomes the world. I am born of God; therefore, I have overcome the world. It makes no difference the difficulties that may come my way, I am victorious in all things.

The Holy Spirit leads me from glory to glory. I follow Him in the Word, by the Word, and through the Word. God's Word gives me light and direction and holds the solution to every problem. Irrespective of what signs or symptoms may appear, the Word ministers health to my body.

The Holy Spirit lives in me and I live in Him. I am always in the presence of God, the Father of Lights, with whom there is no shadow of darkness, disease, or death. I am ever surrounded by the light and life of God.

CHANGE ^{IS YOUR} RESPONSIBILITY

**Jesus said to him, “If you can believe, all things are possible to him who believes”
(Mark 9:23 NKJV)**

The remarkable account in Mark chapter 9 tells the story of a father who was desperate for his son's healing. His little boy had been afflicted by a deaf and dumb spirit; several times, he would suffer convulsions and the evil spirit would cast him into fire and water to destroy him.

This was a complicated case because not only did the child suffer convulsions, but his condition was also caused by a deaf and dumb spirit. This meant the boy was deaf and dumb or would go deaf and dumb every time the evil spirit took over him.

The Bible also tells us he had suffered from the condition since he was a child. Imagine the emotional turmoil the boy's father and his family must have gone through until they heard about Jesus.

The man went to Jesus' disciples but they couldn't cast the devil out. Then, he met Jesus and cried out to Him, **“...if thou canst do anything, have compassion on us, and help us” (Mark 9:22).**

Now, it's very important that you notice Jesus' response. He said, **“If thou canst believe, all things are possible to him that believeth” (Mark 9:23).** The Master turned the whole thing around and said, *“The power of God can do anything, so it's not a question of what I can do; it's what you can believe.”*

The man probably saw Jesus as a good miracle worker, and that was why he spoke the way he did. That's the way some people think today, and it's wrong. Understand that it's not what the minister can do. The question is, how much can you believe?

Maybe there's a condition in your body right now and you're saying, *“Oh! I wish somebody would pray for me.”*

No. Jesus said that if you believe, all things are possible to you. You can change that situation. It's a question of how much you can believe and what your faith can receive.

Understand that if your situation is going to change, it's going to be by your faith. It's not another person's faith or the minister's faith, but your faith that will change that situation. Jesus didn't say, *“If thou can believe, all things are possible to God.”* He said all things are possible to YOU when you believe. No matter what you're going through today, you can change it if you can believe.

“For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith” (1 John 5:4). The lack of understanding of this truth is the reason some people pray like this when they face difficulties in their lives: *“I know my God is going to do it; I know He will not fail me.”* Though that sounds wonderful, it's wrong and it will not work. It's not God's responsibility to effect the change you desire; it's your responsibility.

I would to God that all of God's children would understand that Christianity is not a life that we live with the expectation that God will help us out. God has already done everything necessary for you to live a healthy, prosperous, joyful, and fulfilled life. What you need is the application of your faith.

If there's something in your body that you don't like, don't stay with it; change it! And you do this by voicing and acting your faith. Get to God's Word that tells you of your divine health and healing in Christ Jesus, and then voice it and act that way. Even when it seems like nothing happened, keep acting your faith; it's only a matter of time before the change will be evident for all to see because faith always works!

Jesus Christ never changes! He is the same yesterday, today, and forever” (Hebrews 13:8 CEV).

Our Lord Jesus Christ healed the sick and freed the oppressed in times past, and continues till today. He made the lame walk, the maimed whole, the blind see, the deaf hear, and the dumb speak; He cleansed lepers and cast out demons. He staunched a woman’s blood flow, gave sight to blind Bartimaeus, healed Peter’s mother-in-law and the centurion’s daughter; He even raised the dead back to life!

Today, through Healing Streams Live Healing Services with Pastor Chris, we have seen these miracles and so many more replicated and multiplied on a global scale.

Amazing wonders and miracles characterize these healing services. We’ve seen diseases like cancer, HIV, asthma and many others that defied solutions – medical or otherwise – become history.

For those who are in dire need of a solution, an answer, or a most desirous change to their situation, the Healing Streams project God’s power and love, so that problems are dissolved and sickness fades to nothing.

In past episodes, people from all walks of life took bold steps and participated in the Healing Streams. Their expectations for glorious things and miraculous changes were exceeded by the power of God.

Kelvin from Kenya was incapacitated by polymyositis, a rare inflammatory autoimmune disease, for over two years. All treatments proved futile and his condition was consequently declared incurable. All he got were medications to manage the pain and discomfort. Unwilling to continue living in such a state, he resolved to rely on God's word when news of the March 2023 Healing Streams Live Healing Services reached him. His moment of restoration came as the man of God, Pastor Chris, commanded healing to his body in the Name of Jesus Christ, and Kelvin was made whole instantly. *"I felt something leave my body during the prayers and all the pain and symptoms vanished. I have not taken any medication since then and I walk perfectly without aid. I am thankful to God and Pastor Chris for the sacrifice of taking healing to the nations,"* he said.

A sudden awkward fall in 2019 resulted in muscle and bone complications for 65-year-old Quefengqin from China. Afterward, she was diagnosed with lumbar spondylosis, bone spurs, meniscus detachment, and ligament rupture. This led to frequent headaches, swelling and stiffness of knee joints, chronic pains in her waist, and more. All recourse to find a cure was to no avail until she came to the March 2023 Healing Streams Live Healing Services with Pastor Chris. Quefengqin received her healing as the man of God called her name and commanded health to her body. *"I slept soundly that night and woke up full of strength. I no longer have to wear a strap belt; I can exercise now, and all the pain is gone,"* she attests.

Marie from the United Kingdom sustained damage to her right ear when she was nine years old. This led to hearing loss and decades of debilitating pain, consistent headaches, bleeding, and futile visits to the hospital in a bid to find a lasting solution. Her moment of divine visitation came when she participated in the Live Healing Services. As Pastor ministered healing to deaf ears at the program, Marie suddenly noticed that she could hear from her right ear. She says, *"To be sure, I blocked my left ear with my fingers, and I could still hear the man of God and the people around me talking clearly. Since then, I can hear perfectly and have experienced no pain or bleeding. This is a big miracle for me! After more than 40 years, I can now hear perfectly. Thank you, Pastor Chris."*

In 2020, Tanija from Germany was diagnosed with a malignant tumor in her left breast that had metastasized. She started the initial treatments that included infusion of proteins and antibodies but hesitated when the doctors recommended that she proceed to radiation and chemotherapy. *"I didn't want these procedures because I saw all the people who already got these treatments; they were suffering many side effects. They couldn't walk or eat. They also lost their hair and got weaker. I didn't want to become like them,"* Tanija recalls.

While contemplating the way forward, Tanija received an invitation to participate in the Healing Streams in 2022. It was a marvelous time for her as she experienced God's love in depths she could never have fathomed. She relates the experience: *"When Pastor Chris ministered to a woman with cancer, I placed my hand on the screen and received my healing. Immediately after that, I touched my breast and I couldn't feel the mass anymore. This was such a wonder for me and I thanked God for my miracle."*

At Tanija's next hospital appointment, the scans showed no evidence of the tumor or metastases. She is completely healed and now lives her life in service to the Lord and with a wholehearted dedication to reaching the lost. *"I told many friends about my healing and led them to Christ. I started a cell group and all I want to do is win souls for the Lord,"* she concludes.

There are just so many testimonies that stand out in iconic glory to the all-powerful name of our Lord Jesus. They bear proof of the faith of the saints and God's compassion to have everyone enjoy the divine life in Christ. The Lord has healed many in our day and now He wants to heal you, too. Yes, YOU! All you need do is believe. Voice your faith and act accordingly, and you will receive a miracle from this same Jesus!

GOD CAN DO ANYTHING

There were some changes with our accommodation and we had to be rehoused. Not only that, but there were also moving costs to consider. So, there were some financial challenges and I was at a point of desperation. I really needed God to come through for me in my finances.

I started to inquire about ministries that dealt with miracles and the miraculous because I wanted physical healing for myself and financial healing for my family. I was led to start watching Pastor Chris, which was how I discovered the Healing School website and I saw the wonderful testimonies of persons getting healed.

After I contacted the ministry, I inquired about Healing to the Nations Magazine and had a copy sent to me. Looking at testimonies about Healing to the Nations Magazine, of the dead being raised back to life and all the wonderful healings that had taken place, my faith skyrocketed. I believed that God could do anything in my finances.

So, I placed my debit cards and bills in the magazine and prayed about my financial needs. Then, I sowed a seed toward the Healing School. God honored my faith and supernaturally blessed me. Within the hour, I received money unexpectedly. In the week that followed, I received multiple financial blessings from different sources. The monies I received covered my expenses and everything I needed and more.

Also, I experienced healing in my body. I had suffered hypertension for more than 10 years. I felt discomfort within my chest, alerting me that my pressure was high. I took the magazine, placed it on my chest, and felt my blood pressure normalize. I knew that was divine intervention. Afterward, I checked my blood pressure and it was normal. It's been normal ever since.

To God be the glory for all of it. Thank you, Pastor Chris. You have truly been a blessing to our family. May God continue to pour into your ministry and life, and may He continue to bless you. I love you very much. Healing School partners, I thank you and I encourage you to give more. My experience with Healing to the Nations Magazine speaks of a loving, caring God who's concerned about everything; not just our health, but also that we would prosper.

The Sweet Sound of Hope

ELISIVA FALEKAONO'S TESTIMONY

“Most days, she would just sit and stare into space. Even at family gatherings, she could not participate or contribute; she just looked on in silence.”

My daughter, Elisiva, was born deaf. She grew up unable to hear or talk,” Maria Falekaono reports. Those simple words, while apt, could not begin to paint the full picture of what life had been like for the 19-year-old Elisiva.

When Elisiva’s parents first observed that she couldn’t hear, they did all they could to get help for their child. They took her to referral hospitals and consulted specialists, both locally in Tonga and in neighboring countries. *“The doctors wanted to operate on her ears but they could not guarantee that it would solve the problem. Another doctor recommended that we try hearing aids but the noise from the device hurt Elisiva so much that we had to take them off,”* her mother relates.

Communicating with Elisiva became a specialized job that only a few people around her could manage. Her parents did the best they could with raising her but there were clear and wide gaps between her and the rest of her siblings. She could not play with them or carry out daily chores without assistance from others.

Despite being surrounded by family, Elisiva was locked away in a world of her own, unable to reach out to anyone or share the thoughts in her head by reason of this condition. Maria says, *“Most days, she would just sit and stare into space. Even at family gatherings, she could not participate or contribute; she just looked on in silence.”*

It seemed that Elisiva would have to spend the rest of her life this way, without the benefit of ever connecting fully to her loved ones and the world around her. But things changed when someone introduced Elisiva and her family to the ministry of the man of God, Pastor Chris, and the Healing Streams Live Healing Services.

Elisiva and her mother joyously testify

her that the man of God said she was healed. With tears in her eyes, my daughter nodded and agreed that she was healed! She could hear me!"

Everyone was elated. This was a miracle indeed! The days and weeks that followed were filled with daily marvels and endless celebrations as Elisiva started learning to talk. Maria says, *"There has been a total change in my daughter's life. She can do things by herself now, she responds when her siblings tease her, and she can play to her heart's content. I am at peace now, knowing that communicating with her is easy. She's a quick learner who knows what to do once she is told."*

"There has been a total change in my daughter's life. She can do things by herself now, she responds when her siblings tease her, and she can play to her heart's content. I am at peace now, knowing that communicating with her is easy."

Elisiva's mother narrates: *"A lady, Sister Diana, came to us and showed us videos from past healing services. She was always sending these videos to everyone in the family. Elisiva loved them and would always come to check our phones for new messages from Sister Diana."*

Seeing so many miracles and watching the testimonies, faith began to build up in Elisiva's heart. When the next edition of the Healing Streams Live Healing Services with Pastor Chris came up in July 2021, she and her family were ready for a miracle. They registered and readied themselves for a supernatural encounter.

"I helped them register and I invited them to participate at my healing center so that I could translate during the program. They were full of faith and Elisiva was ready to receive her healing," Sister Diana states.

Healing Streams was a momentous occasion for the teenager. It would be the culmination of her faith and expectations. Maria, Elisiva's mother, continues the story: *"When I heard about the upcoming Healing Streams, I knew this was our opportunity for a miracle. I had faith but, more importantly, I could see that my daughter had faith, too. Her desire to be whole and normal, to learn to speak fluently as the rest of our children, was obvious."*

"On the second day, Pastor Chris said, 'If there is anyone that is sick, you are healed.' I turned to Elisiva and told

"I praise God from my spirit. I am so happy for this miracle in my daughter's life. All our neighbors witnessed what happened; they were so surprised to see God's power transform Elisiva's life. There was no hope for her to hear, but God healed her through the man of God, Pastor Chris. It's been a glorious experience for us."

"My husband and I have given our lives to the Lord. We don't have enough words to thank you for what you have done for our family, Pastor Chris. We pray and hope that you will continue in this wonderful ministry of giving life to families, cities, and nations. We love you so dearly."

The Lord is gracious and kind. In one moment, He ended 17 years of affliction, isolation, and depression. Now, Elisiva's daily experiences are of faith and rekindled hope. She can hear of the goodness of the heavenly Father and praise Him with the fruit of her lips.

In a heartwarming conclusion to this story of joy and hope, Elisiva herself testifies: *"I am now happy that I am healed. I can now help out at home. I clean, wash, and help my mother look after my younger ones. Now, my mother has more time to rest and enjoy life because I can help. I talk to my father on the phone and he is so happy that I have been healed. On the phone, he said to me, 'Siva, thank God for your healing. I love you.'" I can pray and sing to God, and I study the Bible morning and evening."*

SMILING ALWAYS: REASONS & BENEFITS

When you approach someone and they break out a welcoming smile, you will most likely respond with a smile of your own. That simple expression of joy and gladness is an invitation to a pleasant encounter and productive experience. Your smile is not just an expression, it is also a vent for the innate joy and life-giving light of God in you. With it, you dispense hope to the weary as you broadcast the assurance of triumph over all circumstances through faith in Christ Jesus. Amidst the pressures and busyness of daily life, however, the desire to smile or laugh may become lost. Making a conscious effort to smile and laugh often should become a habit and consistent practice for you.

Here are some reasons to smile more.

- **You are beloved and esteemed.** God loves and values you highly. You are so important to Him that He sacrificed His only begotten son for you. Now, the Lord is determined that you enjoy perfect health, absolute safety, and peaceful prosperity. What is there to frown about when all things are working together for your good?
- **You have the code for perpetual victory.** God's Word is the sound-code necessary for your triumph over all situations and circumstances you may face. As you meditate on the Scriptures day and night, the knowledge and revelations in your spirit will etch an indelible smile on your face every time.

Wielding your smile always will yield myriad physiological and psychological benefits.

- **Smiling triggers happy hormones and alleviates stress:** When you smile, your face flexes muscles that release endorphins, dopamine, and serotonin – neurotransmitters that help you feel happier and reduce stress, while also dispensing happiness to all who come in contact with you.
- **Smiling lowers blood pressure and the risk of heart diseases, and strengthens immunity.** Smiling improves heart rate and regulates blood pressure, thus lowering the risk of developing heart

disease. One way to deal with high blood pressure is to smile and laugh more often. Take your mind off worrying issues and focus on your blessings.

- **Smiling makes you attractive and slows aging.** Smiling negates worry and the wrinkles that come with it, causing one to look younger. It also causes an increase in the body's production of HGH (an anti-aging hormone). Moreover, smiling makes your face more attractive and can be as therapeutic as a massage or anti-aging facial at a five-star spa. So, smile today and save yourself some bucks.
- **Smiling reduces pain.** Endorphins released when you smile contain moderate pain-relieving properties and act as a natural painkiller when you're injured. Also, endorphins strengthen your body's immunity. Think happy thoughts and find your smile to help alleviate pain and increase your capacity to endure.
- **Smiling strengthens bonds and deepens relationships.** People who smile a lot are more likable and more approachable. They tend to attract friendship from others, inspire confidences, and generally form better relationships. Smiling promotes the feeling of acceptance, enhances teamwork, promotes group bonding, and diffuses conflict.
- **Enhances performance and productivity.** Smiling can increase your productivity by boosting confidence in your ability to fulfill assigned tasks and diffusing pressure. Smiling can be a 'creative thinking exercise' because it creates a positive mood that makes you better at problem-solving. A more jovial team leader, for instance, can rally teammates and help them deliver assigned tasks optimally.

Practice Smiling

A simple way to get into the habit of smiling every time is to remember how much God loves you, the vast inheritances He has bequeathed to you, and the countless testimonies of His goodness in your life. Go ahead, smile right now, and keep at it from now on.

FAITH'S PROCLAMATIONS *of* HEALING & HEALTH

“Keep {and} guard your heart with all vigilance {and} above all that you guard, for out of it flow the springs of life” (Proverbs 4:23 AMPC).

Don't let just anything come into your heart; only accept the Word of God. This is vital because you can't give what you don't have. If you don't have the Word of God in you, you can't speak it forth. **Proverbs 4:20-22** says, “**My son, attend to my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they are life unto those that find them, and health to all their flesh.**”

Let the Word of God fill your meditations. The result would be that your words will become consistent with what God's Word says. The truth is, you can't meditate on the Word of God for long enough without it changing the way you talk. It will fill your heart with faith and put away contrariness from your tongue.

Jesus said, “**...If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you**” (Matthew 17:20).

CONFESSIONS

I have the life of God in every fiber of my being, in every bone of my body, and in every cell of my blood. I am what God says I am! I can do all things by His strength and ability at work in me. I increase from strength to strength and from glory to glory. Blessed be God!

Greater is He that is in me than he that is in the world. Therefore, sickness cannot stay in my body. I have the life of God in me; from the crown of my head to the soles of my feet. I live and walk in supernatural, perfect health.

All of divinity resides in me. I am a carrier of divine life, and I am complete in Christ Jesus. I am an associate of the God-kind, a partaker of the divine nature. I am filled with God, I am full of God, and I am replete with God. Nothing else needs to be in me to make me divine.

Sickness, disease, and infirmity have no part in my life. I can never be sick. I am born of God, not of blood or the will of the flesh or the will of man. The transcendent life that makes it impossible for divinity to be corrupted or defeated is what I have in me.

I am triumphant always and in all circumstances. I walk in dominion every day of my life. I have and walk in the consciousness of the divine essence. I rule over sickness, disease, death, and the elements of this world. I celebrate my oneness with Christ today and always.

My head, my eyes, my heart, my lungs, my kidneys, my liver, and all the organs and systems of my body are functioning optimally. Eternal life is at work in me. I am not a mere, ordinary human person! I am a divine being!

God's Word is life and health to my body. Its transforming power changes the circumstances of my life and causes my health to flourish. I live in the Word and I refuse to fear, be sick, or be defeated! I will not be subject to disease or infirmity.

I have the imperishable life of God in me; therefore, I live continually in divine health and strength. I do not get sick because I have the life and nature of God. The Greater One lives in me. I stand as a king and I reign in life victoriously. Praise the Lord!

Through me, the Lord is doing signs and wonders. I have the Word in me; words with the capacity to effect changes. I release words into the realms of the spirit today to effect changes in my health, wealth, peace, and prosperity. Nothing can bring me down.

All things are mine. The Lord has given me all things that pertain to life and godliness. Christ lives in me; therefore, my life is glorified and my body is vitalized. No sickness, no disease, no infirmity, no death can stay in this body. I function in perfect health.

Nothing is Impossible

“And Jesus rebuked the devil; and he departed out of him: and the child was cured from that very hour. Then came the disciples to Jesus apart, and said, Why could not we cast him out? And Jesus said unto them, Because of your unbelief: for verily I say unto you, If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you” (Matthew 17:18-20).

Sometimes, when Christians find themselves in difficult situations and they study or hear that nothing is impossible in Christ, they ask, “*Why then did I lose the baby?*” or “*Why didn’t our brother make it? We prayed for him and he still died. We tried everything!*”

In Matthew 17:14-18, the disciples of Jesus found themselves in this kind of situation. A man had brought his son, who was oppressed by a devil, to them so they could cast the devil out. They tried everything they knew to cast out the devil, but all their efforts were to no avail. When Jesus came and met them in that situation, He cast the devil out of the boy and he was cured from that very hour.

The disciples were stunned, so they asked Jesus privately, “*Why couldn’t we cast it out?*” Jesus didn’t do anything they weren’t familiar with. Otherwise, they would have said, “*Oh! Master, we see now where we missed it.*” But they didn’t say that. They were surprised because they did what He did and said what He said, but the devil didn’t come out. So they asked Him, “*Why couldn’t we do it?*”

Jesus’ response is both remarkable and instructive! He told them, “**Because of your unbelief...**” (Matthew 17:20). Very simple but profound words! He let them know it didn’t work because of their unbelief. Then the Lord said, “**If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place;**

and it shall remove; and nothing shall be impossible unto you” (Matthew 17:20). In other words, with faith anything is possible. If it didn’t work, you weren’t in faith because faith always works! Unbelief, on the other hand, short-circuits the power of God.

Faith always works! Settle this truth in your heart for all time. **1 Corinthians 13:13 (NKJV)** says, “**And now abide faith, hope, love, these three; but the greatest of these is love.**” This means that these three – faith, hope, and love – do not fade or fail; they are stable and they remain. After everything else fails, they abide.

The problem with a lot of people is that they’re waiting to see a physical manifestation before they believe it worked. Jesus didn’t say when you say to the mountain “remove,” then watch and see it go. He said when you ask it to go, it will go. So once you make the command, begin to act like it’s gone, because it has!

It’s important to understand that everything God made has intelligence. In the Old Testament, Moses spoke to the ground and it opened (Numbers 16:31-32). Joshua spoke to the sun and moon, and they stood still (Joshua 10:12-13). Elisha spoke to River Jordan and it parted (2 Kings 2:14). And Ezekiel proved it when he spoke to dry bones and they became a mighty army (Ezekiel 37:4-10).

In the New Testament, Jesus proved it too. He spoke to wind, water, bread, trees, and fish, and they responded. Your body has intelligence, so talk to it and it will respond!

Another important thing to notice is that Jesus didn’t say, “*If you have faith, you shall fight the mountain, or shout long enough for the devil to hear you, or beg God to take the mountain out.*” No, He said, “*If you have faith, you shall SAY unto this mountain...*” In other words, with faith, you can say to that cancer, “*Go from my body*” and it will go! You’ll speak to that growth and it’ll pass out of your body! You’ll speak to that migraine and it’ll leave.

Speak to your health or that situation today, and nothing shall be impossible unto you. Glory to God!

PASTOR LARRY PINTO TESTIFIES

Four years ago, Pastor Larry Pinto from Brazil started feeling pain and stiffness in his legs, especially in the knees. At first, he thought it was a mild discomfort brought on by many long hours of sitting. But when the pain didn't stop after a few days, he tried painkillers. After a few weeks, it became apparent that he needed medical attention.

At the hospital, Pastor Larry was diagnosed with osteoarthritis, a degenerative joint disease that caused the bones in his knees to break down over time, thus resulting in the wear and tear of the cartilage. He underwent therapy and tried different treatments and alternatives. He even had surgery on the knees but there were no significant improvements.

The joint pains, stiffness, tenderness, loss of flexibility, grating sensations, bone spurs, and swelling in both legs increased by the day. Pastor Larry desperately wanted to get better, but the condition was taking its toll on him and affecting many things in his life.

"I couldn't drive or walk. As a professional driver, that meant that I couldn't do any work. It also meant I couldn't preach the Gospel the way I wanted to. I like to pray on bended knees, but I couldn't do that anymore. It was a lot of pain," he recalls.

"I couldn't drive or walk. As a professional driver, that meant that I couldn't do any work. It also meant I couldn't go around preaching the Gospel the way I wanted to. I like to pray on bended knees, but I couldn't do that anymore. It was a lot of pain."

Despite the treatments and physiotherapy sessions, the pain and discomfort persisted. As the years passed, the situation worsened, with the pain spreading to his legs and weakening his lower extremities. The joint pain and stiffness became so severe that daily tasks and activities such as walking, sitting, bending, running, and squatting became difficult. His challenges were further compounded by the countless sleepless nights he had to endure as a result of the constant pains, migraines, and

He participated with great expectations for that one Word from God that would shine the light and quell the darkness in his situation.

"Praise God for the Healing Streams Live Healing Services. I first heard about Pastor Chris from fellow ministers who had visited the Healing School and I've been following him ever since. Through the man of God, I learned more about the Scriptures, how to speak in tongues, and the ministry of the Holy Spirit."

"For the Healing Streams, we had a healing center in our church. I have seen many miracles and I knew that there would be testimonies after this. That moment, when the man of God was ministering to the sick, many people in our church got healed. God's power went through me and was upon my legs. Immediately, I stood and started jumping. I was healed at that moment and my life changed."

Pastor Larry talks about the new chapter of his life that began from the moment he encountered the power of God: *"I am alive and well. I can do whatever I decide to do. I preach the Word of God and do my Father's work without any hindrance. I sleep well, now that there is no more pain to keep me awake. I walk for as long as I want without needing assistance from anyone or pausing for relief. According to the doctors, I should have been fitted with prostheses when I turned 60. But I am 63 years of age and I have no pain whatsoever."*

Hale and hearty, with no sickness or infirmity in his body,

"I am alive and well. I sleep well, now that there is no more pain to keep me awake. I walk for as long as I want without needing assistance from anyone or pausing for relief."

Pastor Larry lives a glorious life and is a living testimony to the goodness of God. His life has become an unending episode of rejoicing and celebration, and he attributes this miracle to the love of God at work in his life.

"For me, this miracle is proof that God is real. If you're reading this, you should know that all you require is to believe and you will be healed. I believed and I received a miracle. This is your day, your set time for a miracle. When the Word of God comes to you, accept it and it will change your life. It will happen to you instantly, just like it happened to me," he asserts.

Grateful expressions conclude Pastor Larry's tale of triumph. He says, *"Thank you, Pastor Chris. I love you so dearly and Brazil loves you. It's an honor for me to share my testimony."*

To share your testimonies, please send an email to testimonies@healingstreams.tv, or upload them at www.healingstreams.tv/testimonies, or call any of the phone numbers listed on the back page of this magazine.

other symptoms that accompanied this condition. He tried various remedies to alleviate the pain but to no avail.

Overwhelmed by agony, Pastor Larry found himself gradually slipping into depression. Over the course of time, a pair of prostheses was recommended for when his legs would no longer support independent movement. It wasn't an option he wanted to consider but he had run out of alternatives.

With medicine offering no more hope, Pastor Larry was in dire need of a miracle, and the October 2021 edition of Healing Streams Live Healing Services with Pastor Chris provided the answer and solution to his problem.

ENDLESS CELEBRATIONS OF

Glory

March 2023
Healing Streams
Live Healing Services with

Pastor Chris will forever be etched in time as a pivotal episode of liberation for billions worldwide. Divine healing swept through all nations, leaving billions of people transformed and in awe of God's power, with testimonies flowing like rivers in the desert.

Weeks preceding the Live Healing Services, prayer was made incessantly in a non-stop pray-a-thon with many prayer clouds hosted on Healing Streams Virtual Centers. Saints marched, saturating the streets and cities with the news and readying people and places through healing outreaches with Healing to the Nations Magazine.

When the highly anticipated weekend arrived, many were elated because the fulfillment of their expectations was at hand. Reverence for God, the Monarch of the Universe, distinguished the onset of each day. In worship and loving adoration, participants worldwide offered sacrifices of praise to the Lord in spirit-filled songs led by Loveworld Singers.

Gathered around streaming devices in homes, hospitals, healing centers, and more, all participated with bated breath as the esteemed Pastor Deola Phillips, director of the Healing School, welcomed the global audience to the program before she led them in sessions of prayer. *"Welcome to the March 2023 Healing Streams Live Healing Services. God's work is your miracle, your testimony, and your restoration. Participate intentionally and the same atmosphere that is here will envelop you in your home. Prepare for your testimony, for anything is possible,"* she said.

Esteemed Rev. Tom Amenkhienan, a senior minister at the Healing School, joined Pastor Deola on stage and they spoke of the vast impact and glorious testimonies recorded from past healing services. Admonishing those waiting for their miracles, he asserted; *"Healing is God's will and purpose for you. No matter how bad the condition is, this is the day of God's favor. Wherever you are, your testimony is next and nothing can stop you!"*

Another senior minister at the Healing School, Rev. Ray Okocha, took video conference calls from healing centers in Colombia, Thailand, India, China, Australia, and Qatar. He had participants relate their expectations and the miracles already happening. Concluding the segment, Rev. Ray declared, *"There will be shouts and rejoicing. It is your set time for a miracle."*

Faith flourished and doubts dissolved as all listened to amazing testimonies. Many have experienced the unstoppable healing streams and these testifiers had exciting narratives that told of God's favor and grace upon their lives.

For most of her life, Evelyn from Taiwan suffered from chronic back pain because of an abnormal curve in her backbones. Over the course of many

years, the curve caused unusual pressure on her spinal nerves, which made her entire back extremely sore and painful. Ensuing insomnia, breathlessness, and headaches left her unable to stand or sit for long or focus at work. The seemingly endless cycle of pain came to a halt when she participated in the Healing Streams and experienced the power of God. Now, Evelyn is whole and well, and is full of thanksgiving and praise.

Dorothy was six years old in 2016 when she ingested an acidic substance that caused esophageal stricture. Despite bi-weekly dilations and daily medication, this child found no respite from the agonizing pain and other symptoms. The situation deteriorated until she had to be fed with a gastronomy tube. Eventually, an artificial esophagus was recommended. The surgery had been scheduled when Dorothy's mother discovered the Healing Streams. When Pastor Chris released healing for children, something supernatural happened to Dorothy. Now able to eat on her own, she testified: *"I am alive and enjoying divine health! Thank you, Pastor, for allowing God to use you to heal me. Because you did, I can do all I couldn't do before."*

Spurring global participants to hold on to their faith and prepare to receive an abundance of blessings and miracles, esteemed Evangelist Dr. Eddy Owase remarked: *"When God heals, it is total! You can kill cancer. You can kill any disease. That is why the Healing Streams are here for you. In the same way that God touched all who have testified, He is touching you now. No sickness or disease has a chance!"*

The expectations for divine manifestations intensified as people connected from everywhere in this worldwide gathering worshiped the Lord earnestly. When the man of God, Pastor Chris, entered the hall, shouts of excitement and welcome resounded. For many, their moment of amazing transformation was upon them.

Ministering God's Word, Pastor Chris taught about the perfection of God's plans and designs. *"Whatever God does is eternal and cannot be augmented. Nothing needs to be added to it and nothing needs to be subtracted from it. Whatever God does lasts forever. God made you to last forever. When He created you, He made you to be perfect,"* he exhorted.

He elaborated that sickness and death came to be as a result of sin but Jesus Christ is the manifestation of God to us, and He revealed the will and love of God to us. *"There is a future with God. He doesn't want you to live an empty life, He wants you healthy. You have to learn from God's Word how to keep your body in perfection,"* he insisted.

"Get ready to be made well and to begin your life of glory," said Pastor Chris as he began ministering to the sick. On those in the auditorium, he laid hands and spoke divine commands. Stretching out his arms, he directed the healing streams of God to those on the video wall and others participating from all nations, and proclaimed healing and blessings.

In just a few moments, cancers, heart conditions, waist and back pains, spinal injuries, autism, blood diseases, and more were wiped out from the bodies they previously inhabited. The maimed, crippled, blind, and mutes abruptly could do all they were unable to before, and those oppressed by the devil were made free.

Amazement and awe pervaded every place, as people around the world beheld the grandeur of God's depthless love for mankind. Many testified of their miracles, sending messages and demonstrating what the Lord had done in their lives.

Marvin from the United States of America suffered heart palpitations. For over a year, even the slightest exertion would get his heartbeat racing. He couldn't sleep at night except he lay on his back. Determined that he would not live with this infirmity, Marvin was excited about the healing services because he knew there would be a change and a testimony. Now, he attests thus: *"I can sleep and exercise normally. Everything is perfect now. Praise the Lord!"*

In July 2022, Joyce from China was diagnosed with fundus congestion, an eye condition that caused redness, pain, and itchiness in her right eye. After repeated medications failed to cure the congestion or alleviate the pain, Joyce participated in the Live Healing Services, trusting in God's Word. She received her miracle as the man of God ministered and now the redness and pains are all gone. Her eye is completely healed!

Twenty years ago, Khaled from France experienced heart failure and later sustained a fracture to his ribs. He couldn't walk unaided and the excruciating pain he had to endure made him weak, and he required assistance all the time. His divine opportunity came with this edition of the healing services. As the man of God ministered to the sick, faith welled up in his heart. Khaled dropped his crutches, removed his back brace, got up, and walked for the first time in years. Khaled is healed and full of life.

Rosalina from the United States had skin cancer so severe that it caused ulcers to appear on her face and all over her body. Her face was always red and swollen, and she had warts that itched and bled constantly. She connected to the Healing Streams in faith and as Pastor Chris prayed for those on the online healing line, she received her miracle. Rosalina's skin is completely restored; no more redness, swelling, or itchiness, and no more open wounds. Hallelujah!

It was a euphoric time of praise and renewal for attendees as many gave their lives to the Lordship of Jesus Christ at the call for salvation by the man of God.

Afterward, Pastor Chris thanked visiting ministers for their relentless work in furthering the Gospel of Jesus Christ all around the world. He further expressed gratitude to all partners and attendees for their contributions to and participation in the program's success.

Bringing the historic March 2023 Healing Streams Live Healing Services to a close, Pastor Chris prayed for the global congregation, commanding God's blessings on everyone. Truly, this seventh edition of the healing services ushered in new dispensations of grace and an avalanche of wonders. And as the man of God said at the end, *"The miracles continue."*

Another season of glorious marvels approaches. Friday 28th to Sunday 30th of July 2023 are earmarked for the next edition of Healing Streams Live Healing Services with Pastor Chris. Save the dates and register now at www.healingstreams.tv/LHS.

A LIFE-RESTORING MAGAZINE

In preparation for the March 2023 Healing Streams Live Healing Services, we went to a hospital in Nakaseke, Central Uganda, and visited the nursery. When we got there, I found a child in the intensive care unit. The life-support machine attached to the baby showed that the heart wasn't pumping anymore. The doctor attending to the baby said to me, *"I think the child has passed on."*

Then, I said, *"No, it cannot be."* I represent the man of God, Pastor Chris, who brings the dead back to life. I decided to call the child back to life. I put a copy of Healing to the Nations Magazine on the baby and began confessing life into the body.

Right after, I left to pray for other children in the same ward, so that the doctors could attend to the baby. By the time I returned, the baby had revived and was restored to health. Praise God!

Thank you, Pastor sir, for this life-restoring magazine and the opportunity to change the world with it.

~ Pastor Cathy from Uganda

AN INSTRUMENT FOR MINISTRY

I would like to say thank you to our man of God, Pastor Chris, for Healing to the Nations Magazine. It has been instrumental in carrying out ministry in the course of my work as a nurse. And I have so many testimonies.

A woman diagnosed with colon cancer was hospitalized. She could not urinate naturally and had a colostomy bag attached. I shared Healing to the Nations Magazine with her and she read all the testimonies in that edition. Afterward, she told me that she wanted Jesus to heal her like He did for all these people. I led her to receive salvation and prayed with her. The next day, she started going to the bathroom naturally and was soon discharged from the hospital with a clean bill of health.

Another lady my outreach team ministered to gave her life to Jesus when she received the magazine because she saw a lot of testimonies and understood the message of God's love and salvation for mankind. Several others have received healing as we pray for them during our outreaches. It is really wonderful.

MAINTAINING A STRESS-FREE LIFE

Stress is the body's way of reacting to difficult situations. It is a state of tension that may have damaging mental, physical, and spiritual effects on a person. The symptoms vary on an individual basis and range from physiological to psychological.

Daily life in today's world is fraught with circumstances and activities that may cause stress, regardless of age, gender, or status. The workplace, however, is by far one of the most stress-inducing environments for many people. So, it is typical that the topic of reducing or eliminating stress is one for fierce debate and much discussion.

As God's children, the Bible cautions that we should be anxious for nothing (Philippians 4:6). The following tips will go a long way to helping you enjoy the peace that the Lord has granted you and maintain a stress-free life.

- **Make God's Word paramount.** When God's Word is your focus, you'll keep calm and stay in control in tense situations. You have an excellent spirit and function in the dominion of our Lord Jesus. Being consistently conscious of these truths will negate stress. Even when you receive negative feedback, God's wisdom will give you the right outlook and propel you to greater levels of excellence.
- **Worship the Lord in psalms, hymns, and spiritual songs.** Music is a powerful relaxant. When paired with lyrics exalting God, it becomes doubly effective. As you praise the Lord with songs of the Spirit every day, you apprehend the "bigness" of the One in charge. In worship, you submit to His Lordship over you and all the matters making you worry become insignificant and easy to deal with.
- **Don't stress yourself.** Sometimes, stress can be self-imposed. The realization that you have more to do should not cause you to impose unrealistic schedules upon yourself. This would most likely

force you to burn the candle at both ends and impact your health negatively. Rather, objectively assess what needs to be done and create tenable plans that will ensure better performance in the future.

- **Act or respond, don't react.** You may not control what others do or say, but you are in control of your actions and responses. Knowing this, focus on what you can control. This will help you take reasoned, corresponding actions and reduce the stress that comes from feeling helpless or powerless. When you get worked up about what others think, say, or do, you tend to be less creative.
- **Manage interruptions.** Persistent interruptions at work can fray tempers, slow the creative process, and induce stress. Because you need most of these interactions to get the work done, plan for them. You can create time slots in your daily schedule for consulting with others, use noise-canceling headphones to discourage idle chatter, and so on. Find a plan that works best for you.
- **Schedule breaks throughout the day.** Walk, stretch, or do breathing exercises. Staying on the same task for too long increases tension, so learn to divert your attention and energy to other things at intervals. When you feel stressed or come out of a tense meeting, take a minute to pull in deep breaths to restore calm and balance.
- **Eat right and sleep well.** A good night's sleep and good food positively affect outlook, temperament, and confidence in myriad ways. Intentionally observe a regular sleep cycle and adhere to a healthy and balanced diet to eradicate stress.

The Lord has given you all things to have and enjoy. Let nothing make you fret or stress or panic. Relax and remember that in all things, we are more than conquerors through Him who loves us.

FAITH'S PROCLAMATIONS of Healing & Health

**“A wholesome
tongue is a tree
of life: but
perverseness
therein is a breach
in the spirit”
(Proverbs 15:4).**

This is another way to put this Scripture: **“A healing tongue is a tree of life: but perverseness causes destruction in the spirit.”** A healing tongue gives life, but a perverse tongue deforms, wounds, or causes destruction in the spirit. Another word for perverseness is “contrariness”; when the tongue speaks contrary words, it causes destruction in the spirit.

Whenever you speak words contrary to God’s Word concerning your life, you cause destruction in the spirit, and it’s only a matter of time before the ruin shows up in the physical realm. It may come as an infection or a growth, and you may wonder, *How did this get here?* It was your tongue.

Proverbs 18:21 says, **“Death and life are in the power of the tongue.”** Whether you live or die is dependent on the words you speak. If a problem shows up in your body, speak faith-filled words to it! Don’t speak contrary words. Instead, declare God’s Word of healing and divine health in Christ Jesus. Jesus said, **“...ye shall SAY...and nothing shall be impossible unto you” (Matthew 17:20).** When you speak words of faith, anything is possible!

CONFESSIONS

I walk in divine health, safety, wellness, and wholeness because I am in Christ. Christ is my life! His wisdom, righteousness, peace, glory, and joy are resplendent in me and expressed through me. I am guided in wisdom to walk in God’s perfect will. Amen.

I am the light of the world; there’s no darkness in my life! The law of the Spirit of life is working in me. There is no death in any area of my life or body. I’m full of joy, peace, love, and kindness, and continually filled with the Spirit of God. Hallelujah!

The Spirit of Him that raised Jesus from the dead dwells in me and gives life to my physical body. I’ll never be sick in my life. Health, strength, victory, and prosperity are mine now and always, by the power in the Name of Jesus. Amen.

God’s Word is life and health to my body. Its transforming power changes the circumstances of my life and causes my health to flourish. I live in the Word and I refuse to fear, be sick, or be defeated! I will not be subject to disease or infirmity.

I have the imperishable life of God in me; therefore, I live continually in divine health and strength. I do not get sick because I have the life and nature of God. The Greater One lives in me. I stand as a king and I reign in life victoriously. Praise the Lord!

My words are backed by divine authority. When I decree a thing, it is established. I walk in the full benefits of the salvation that Jesus Christ wrought for me, including health, peace, prosperity, and all-around success.

The Word of God is in my heart and in my mouth constantly. I am impervious to disease because I live above every sickness. God has raised me up together with Christ to sit in heavenly places, far above all principality and power.

I am deeply grounded in the Word; therefore, I am immune to the world’s failures, sicknesses, and defects. I am a product of the Word. I dwell in Zion, the city whose builder and maker is God.

God’s unfailing Word has brought me to a place of rest, strength, power, and dominion. Supernatural blessings, divine health, and prosperity are mine in abundance. I’m impregnable to pain, sickness, disease, and infirmity.

Thank You, Father, for making me an associate of the God-kind. I am conscious of the divine life that is at work in me, causing me to dwell in health every day. No infirmity can thrive in my body because Christ is my life.

I live a triumphant life in Christ, far above the world and its systems. Therefore, sickness, disease, and infirmity have no place in or around me. Glory to God!

Power of God's Word

PASTOR CHRIS

THE TRANSFORMING POWER OF GOD'S WORD

**“And the disciples came, and said unto him, Why speakest thou unto them in parables? He answered and said unto them, Because it is given unto you to know the mysteries of the kingdom of heaven, but to them it is not given... Therefore speak I to them in parables: because they seeing see not; and hearing they hear not, neither do they understand”
(Matthew 13:10-11,13).**

In the Scripture above, Jesus had just finished teaching a large crowd in parables and His disciples came to Him and asked why He taught them that way. He explained that only the disciples had been granted revelation knowledge of the mysteries or secret truths of the Kingdom of God, which the rest of the people had not been granted. In other words, the disciples had an understanding imparted to them that others didn't have.

Then in the fifteenth verse, the Lord said something very remarkable, **“For this people's heart is waxed gross, and their ears are dull of hearing, and their eyes they have closed; lest at any time they should see with their eyes, and hear with their ears, and should understand with their heart, and should be converted, and I should heal them” (Matthew 13:15).**

The word “converted” here doesn't mean a change from sinner to saint. It refers to a transformation of the condition of a man's life. So, Jesus was actually saying that if at any time the people have revelation knowledge imparted to their spirits, there would be a transformation in their condition and He'd heal them. The results are automatic!

The Word of God has been programmed that way; if you see it with your eyes, hear with your ears, and understand with your heart, there'll be a transformation in your life and God's healing power will be manifested!

So, the focus of Jesus' teaching here is the importance of having revelation knowledge. Now, someone may ask, *“How then do I get revelation knowledge?”* If you're born again and the Holy Spirit lives in you, revelation knowledge has been granted to you. The Holy Spirit is the One who imparts the understanding of God's Word to every child of

God. 1 Corinthians 2:12 says, **“Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God.”**

The Holy Spirit helps you see, hear, and understand the mysteries of the Kingdom of God. If you accept and receive this revelation knowledge that He brings to you, there will be a conversion of your condition and a transformation in the circumstances of your life.

God's Word actually functions like a step-up converter; it transforms you from one level of glory to another. It changes the circumstances of your life and brings healing to your body! When you understand this truth, you'd realize that God doesn't choose to heal one and not the other. He has said, *“When you see, hear, and understand My Word, you'll be healed! There's no option. My healing power is in My Word!”*

The reason some people don't get the results the Word of God talks about is that they don't give enough attention to the Word (Proverbs 4:20-22). Let your life become saturated with the Word of God. The Bible says, **“When the clouds be full of rain, they empty themselves upon the earth” (Ecclesiastes 11:3).**

You won't have to go up there and try to bring the rain down; the clouds will empty themselves of their own accord when they're full. Just keep taking God's Word and the time will come when no sickness will be able to stay in you and healing will automatically take place. You may have been trying to no avail to have children. Keep putting the Word in you, and the time will come when your body will respond and you'll have a miracle!

Prayer of Salvation

If you want to make Jesus Christ the Lord of your life, say this prayer, believing with all your heart:

“O Lord God, I come to You in the Name of Jesus. I believe that Jesus Christ is the Son of the Living God. I believe that God raised Him from the dead and I confess with my mouth that Jesus Christ is the Lord of my life from today. I receive, by faith, remission of sins for my soul. Right now, in the Name of Jesus Christ, I receive eternal life into my spirit. I am born again!”

If you've just said the prayer, please send an email to feedback@enterthehealingschool.org. God bless you.

I SERVE A MIRACLE-WORKING God

– Rita Bisseru Testifies

Rita Bisseru's testimony is a statement of faith in God, with whom anything is possible. She is full of joy as she tells her story of liberty and a new lease on life. Having suffered multiple fractures in a domestic accident that altered her life, she lived with the hurt and anguish for several months. Various treatments didn't help her condition and it seemed there would be no end to the pain, but her story took a different turn when she discovered Healing Streams Live Healing Services with Pastor Chris.

Here is how it all began: "On July 14, 2021, I collapsed in my kitchen and I was rushed to the hospital. It turned out that I had fractured my spine and my neck, which caused a compression at the C6 vertebra and injured my spinal cord," Rita recounts.

The doctors performed an emergency surgery to relieve the pressure on Rita's spine. Then, they fitted a prosthesis to support her head and neck. But the damage had been done and there was no reversing the effects of the injury to her spinal cord. After a month in rehab, she returned home with two mobile aids – a wheelchair and a walker. "I was using a wheelchair and I needed a walker if I wanted to

take even a few steps," she remarks. Having to make sudden adjustments to her life and daily routines was jarring for Rita. It was a difficult time but she hadn't come to the worst of her ordeal yet. In October of the same year, she had another surgery because her prosthesis had moved and some screws had come loose. After the surgery, things went from bad to worse.

"The second operation took me further downhill," she says. "I lost my voice and I had problems swallowing, eating, and breathing properly. There was pain in my abdomen and around my knees and ankles, and painful heat sensations in my feet."

"I lost my voice and I had problems swallowing, eating, and breathing properly. There was pain in my abdomen and around my knees and ankles, and painful heat sensations in my feet."

Alarmed at these developments, the neurosurgeon was consulted urgently to ascertain what was happening. He examined Rita and

delivered a damning verdict that broke the dear woman's heart. "When I heard that I would never walk again and that I would have to use the neck brace for the rest of my life, I burst out in tears," she recalls.

Over the course of the five months that followed, there were moments

when Rita found her condition unbearable and most unfair. She would cry and pray to the Lord for a way out.

She reminisces: *"I didn't want to be in that situation anymore. I was tired of using a wheelchair. This wasn't how I was created. I wanted to walk again and to be able to do the things God wanted me to do."*

News of the Healing Streams in March 2022 brought Rita comfort and confidence, and an assurance of God's love for her. *"I realized that I serve a miracle-working God when a doctor invited me to the Live Healing Services and helped me register. As I prepared, I trusted the Lord Jesus for total healing and restoration. I believed I would get a miracle,"* Rita states.

Rita narrates her experience while participating at a healing center near her home in Durban, South Africa: *"I was there in church for the three days of the Healing Streams. On the third day, I felt these sensations that ran through my body; strange spasms that went through my legs*

and my abdomen. At this time, Pastor Chris was still attending to those in the auditorium with him. I'd never felt like this before.

"When it was time for Pastor Chris to pray for those of us watching online, I accepted my healing. I received it when the man of God said 'Be healed!' I got up and started walking. I was healed!"

After many months of excruciating agony, Rita has a new story to tell; a testimony that makes people all over the world glorify the Name of the Lord Jesus. Healing Streams Live Healing Services with Pastor Chris was her set time for a divine appointment. The power of the Holy Spirit went through her body and set everything right.

"I can now move both arms. I can move my neck, which I couldn't do before. I can bend and touch my toes. I can walk! I can talk! I am healed! Glory to God!" she testifies.

Rita is whole and well. She is walking unaided after almost a year of being wheelchair-bound. What a

"I can now move both arms. I can move my neck, which I couldn't do before. I can bend and touch my toes. I can walk! I can talk! I am healed! Glory to God!"

miracle! Filled with appreciation, she says, *"I want to say thank you to the man of God, Pastor Chris, for his faithfulness to our Lord Jesus Christ. Thank you because I am healed. Sir, God bless you for what you are doing for the people in the world. I love you."*

Testimonies continue to pour in as many declare the wondrous miracles that transformed their lives. Indeed, Healing Streams Live Healing Services with Pastor Chris is touching lives and bringing God's unfailing healing power to people right where they are.

CELEBRATING SUPERNATURAL FEATS

Global Miracle Faith Seminar (GMFS) is a special follow-up event to the Healing Streams Live Healing Services with Pastor Chris. With unforgettable highlights on the impact and testimonies from the healing services, GMFS is a celebration of supernatural feats. Remarkable teachings on faith and living in divine health help participants worldwide to apprehend the infinity of God's love for all; thus, strengthening them to retain their miracles. Through impartation segments and prayer for the sick, the power of God is directed to people where they are, making them whole.

The last edition of the seminar was held on Saturday, 17 December 2022, and it was a memorable day for many! This epochal event had billions of people participating privately and from healing centers across various countries.

The seminar commenced with a segment of intense prayer and intercessions led by Pastor Rhoda Olusina, a Healing School minister. Afterward, participants were treated to a special highlight of Healing Streams Live Healing Services that took place in November.

Loveworld Singers led melodious hymns and spiritual songs in worship to the Lord, praising and thanking Him for His marvelous works and the myriad miracles all over the world.

As the program progressed, Pastor Dave Ogbaka – a Healing School minister – introduced those with him on set and several who connected via video conference as testifiers with awesome healing testimonies to share with the world. Their stories not only attested to the wonders the Lord wrought in their lives, but also showed what each person's miracle meant to them, and how they were doing exploits in their cities with these testimonies.

Such was the story of Praise Valiant. In 2012, Praise was diagnosed with ascites. What started as a little pain and discomfort turned into a 10-year ordeal that consisted of several unsuccessful treatments for her swollen abdomen and eventually led to her being confined to a wheelchair.

Praise took a step of faith by participating in the July 2022 Healing Streams Live Healing Services with Pastor Chris, and her story changed forever. Now healed and living the miraculous daily, she carries out healing outreaches to many cities, sharing the good news of God's healing power.

The Director of the Healing School, esteemed Pastor Deola Phillips, exhorted the global audience on the true meaning of being in Christ and having Christ in you. *"If you're born again, you are in Christ and Christ is in you; you're not an ordinary person,"* she said. *"It means that the totality of the character and nature of the Lord Jesus, His life and power, and the glory of His anointing, are resident in you. This is the expectation and assurance of glory. Hallelujah!"*

She further expatiated the effects of manifesting Christ in one's body are divine health and wholeness: *"Christ in you makes you whole! Christ in you is your assurance of health, prosperity, and life manifested. In Christ, your body is inundated with divinity, that's why you can walk out of sickness at any time you choose."*

Following this faith-elevating session of the Word, Pastor Deola prayed for the sick, proclaiming healing, health, and soundness for all. It was a delightful moment for all who required healing as the Lord granted their hearts' desires.

Pastor Dave returned to share some testimonies of miracles that had taken place from all over the world. Among them was that of Lillian from the United States of America who said, *"I experienced some pain in my bones, joints, and muscles. But when Pastor Deola started sharing God's Word, I discovered that I no longer feel any pain. I'm free. Glory to God!"*

The service rounded off with praise and thanksgiving for the mighty things the Lord had done! Testimonies have been pouring in ever since and there's room for more.

The next edition of Global Miracle Faith Seminar is here! Saturday, 15 April 2023, will be a most memorable day for many worldwide. Don't miss the opportunity to receive and revel in miracles.

RESTORED TO LIFE & HEALTH

Isaiah worked on a construction site. One day, while he went about his business as usual, an accident occurred. Timber fell from the fifth floor and landed on his head, leaving a very deep cut. He was rushed, unconscious, to the hospital. He underwent several emergency surgeries but remained unconscious. The situation looked bleak until a healing outreach team visited the hospital where Isaiah was admitted.

"We found him in a coma at the hospital," says Pastor Steven Victory from Blessed Worship Sanctuary Mission, Kenya, leader of the outreach team. "Our man of God, Pastor Chris, has taught us what to do. So, we prayed in faith and declared him healed. Then we put a copy of Healing to the Nations Magazine near him and left. Two days later, we had a testimony."

James, Isaiah's brother, picks up the story: *"After the doctors attended to my brother, we waited day after day for him to come out of the coma but nothing happened. Then, two days after the outreach team came and gave us Healing to the Nations Magazine, my brother woke up and drank some milk."*

Isaiah was restored to life and health by the power of God. Despite the severity of his injuries, he recovered without any neurological deficits and is back to a normal life. Hallelujah!

"This is a delightful story of how God is working in our world today. I am an eyewitness to what God can do. We have seen people saved and transformed, and we have seen their faith lifted. We thank God for Isaiah and many others who have been healed through this magazine," Pastor Victory remarks.

THE LORD ANSWERED EVERYTHING

Dear Pastor Chris,

Thank you very much, sir, for answering the Lord's call to take healing to the nations. Many lives have been blessed and changed because you said yes.

My testimony is regarding my legs. I had ongoing issues with my legs for years. As such, I have a disability bus pass to make it easier for me to move around the city.

I was on my way home one evening and waiting for the bus while watching Healing Streams TV on my phone. Then, God told me that I was healed and instructed me to discard my disability bus pass and start buying a regular yearly bus pass. I wondered what He meant until I woke up to the reality of my miracle the next morning.

I saw that my legs had become normal. There was no more inflammation or bruises, and my skin tone was already returning to normal. I was unable to wear high heels because of my legs and feet, but that is all history now.

I expected healing for my legs and many other things in my life. With this miracle, I know the Lord has answered everything.

Healthy Snacks for Kids

Every parent knows the vital role healthy food and snacks play in keeping their children hale and hearty. Unfortunately, the little ones, in their infinite wisdom can sometimes rebel against the very thing they need. Thus, it is upon every parent to find creative ways to make food, especially fruits and vegetables, a fun and delightful option.

There are people who don't think "healthy" and "snack" should go together. Providing healthy snacks may seem difficult, but there are plenty of creative and delicious options to choose from, including frozen smoothies, cucumber rolls, specialty pizzas, exotic salsas, and banana rolls.

With schools resuming soon after the Easter holiday, these easy-to-make super-healthy snacks will continue the festivities and still contain all the essential nutrients your children need.

- **Veggie Pizza:** Almost every child loves pizza. Rather than spend time kicking against the penchant for junk food, after which you'd probably give in just to gain some peace, consider adding vegetables to the mix. Bell peppers, mushrooms, onions, and olives are packed full of vitamins and other micro and macronutrients; also, they make yummy pizza toppings instead of pepperoni, beef, and chicken!
- **Smoothies:** Smoothies are a great way to feed your toddler and pre-teen vegetables and healthy fats. Try simple smoothie blends of yogurt with their favorite fruits (pineapples, strawberries, blueberries, apples, etc.) and you are good to go! For an extra fun option, fill popsicle containers with these smoothies. A few hours later, your children will have sweet and delicious low-sugar popsicles. Most fruits contain vitamins A, C, and E, as well as potassium, magnesium, zinc, and calcium, which are all vital nutrients for children.
- **Cucumber Snacks:** The best part of making delicious cucumber rolls for your children is that you can enlist their help. Slice long strips of red and yellow bell peppers, celery, and cucumber. Then, spread cream cheese on the inside of the cucumber strips, add the other ingredients, and roll them up. This provides a large amount of dietary fiber, minerals, and vitamins.
- **Banana Rolls:** Banana is a must-have for every growing child due to their myriad health benefits such as improving brain function, digestion, eyesight, and bone development, as well as blood pressure and energy levels. Each bite delivers dietary fiber, potassium, probiotics, and whole grains. Slice a banana, dunk the pieces in Greek yogurt, and roll them in oatmeal or a bran mix. Once done, freeze the banana rolls on a cookie sheet for one or two hours.
- **Veggie/Fruit Mix Salsa:** Cooking with your kids gets them excited to try new things. Together, you can cut up tomatoes, onions, jalapeño peppers, cilantro, mango, and pineapple and blend them in a food processor with your favorite spices. Once your salsa is sliced and diced, serve with whole-wheat or corn tortilla chips. This healthy snack is colorful, uniquely flavored, and packed with fiber, phytochemicals, vitamins, and minerals.

Try one or more of these suggestions today, and create more exciting recipes as you go. Who said eating healthy at snack-time couldn't be fun, delicious, and nutritious at the same time?

Faith's Proclamations of Healing & Health

“My son, attend to my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they are life unto those that find them, and health to all their flesh” (Proverbs 4:20-22).

Imagine that a certain wonder drug with the ability to cure any kind of sickness, disease, or pain has just been produced. It's an all-around drug that can heal the body of anything. If you were barren, it would help you conceive; if you were bulimic or anorexic, it would cure the eating disorder; if you were bald, it would make your hair grow again; if you were sick with a terminal disease, it would heal it; it could do just anything! If such a drug were possible, it would be in very high demand the world over. Even if they weren't sick, many people would like to have it, just in case anything happened. Incidentally, the Word of God is that drug!

God has already sent His Word concerning your divine healing and health. Now, see yourself in it! Don't see yourself broken and bound by any infirmity; see yourself healed in Christ Jesus, and say it. Say to yourself, *“I refuse to be sick; I have been healed in Christ Jesus!”* As you do this consistently, it won't be long before God's Word will produce a miracle in your body!

CONFESSIONS

I enjoy God's boundless grace; it empowers me to overcome all obstacles and overlook all lying vanities the adversary tries to put in my path. No weapon of evil, disease, sickness, or death fashioned against me can prosper because I am favored and graced. Hallelujah!

God's unfailing Word has brought me to a place of rest, strength, power, and dominion. Supernatural blessings, divine health, and prosperity are mine in abundance. I'm impregnable to pain, sickness, disease, or infirmity.

Thank You, Father, for making me an associate of the God-kind. I am conscious of the divine life that is at work in me, causing me to dwell in health every day. No infirmity can thrive in my body because Christ is my life.

God's Word in my mouth is quick and powerful, sharper than any two-edged sword. With my words, I cut off every situation that is contrary to God's provisions. I refuse to be sick because the life of God is in every part of my body.

I live a triumphant life in Christ, far above the world and its systems. The glory of God is at work in me; therefore, sickness, disease, and infirmity have no place in or around me. My life is the manifestation of the beauty and perfection of Christ. Glory to God!

Life springs up from within me because I am a life-giving spirit. I reject sickness in my body. I am a dispenser and a giver of life to everyone and everything I come in contact with. When I lay hands on the sick, they recover.

I have received an abundance of grace, and I reign in life with dominion over sickness and death. I have received eternal life, which makes it impossible for sickness or disease to dominate my body. No infirmity can corrupt or ravage my body.

The Word of God is working mightily in me. No matter the circumstance, regardless of what I feel or see, the Word produces what it talks about in my life. I am full of life! By the Word, I live in safety, health, victory, prosperity, joy, and love. Blessed be God!

I live in the glorious liberty of my divine life in Christ. I grow daily in grace and in the wisdom of God. My body is sound; its systems and organs are functioning perfectly. I'm waxing stronger and stronger every day. Amen.

The ability of God is at work in me today and I'm conscious of it! I don't function in my own ability or strength, for my sufficiency is of God. My strength is renewed daily and I'm divinely energized for victory and all-around success.

The Word is working mightily in me! The Spirit of Him that raised Jesus Christ from the dead dwells in me and He vitalizes my body. Health, strength, victory, and prosperity are mine now by the power in the Name of our Lord Jesus.

I live in Zion; therefore, sickness is far from me. My members are instruments of God's righteousness. Sin and sickness have no dominion over my body. My atmosphere is the manifest presence of the Holy Ghost.

The Impact of the Holy Spirit on the Human Body

PASTOR CHRIS

“What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?” (1 Corinthians 6:19)

The Holy Spirit has a ministry in your physical body as He does in your spirit and soul, and it's important you learn about it so you can take advantage of it in your life. When you were born again, it wasn't just your spirit that became one with Christ; your physical body also became a part of Him. In **1 Corinthians 6:15**, the Bible says, **“Know ye not that your bodies are the members of Christ?...”**

It's important to note that the Bible says “your bodies” and not “the body.” This clearly shows that the Apostle Paul was referring to our individual bodies. This means that Christ functions through your body. Our theme Scripture from 1 Corinthians 6:19 expresses a similar thought.

When the Bible says that your physical body is the temple of the Holy Spirit and you're not your own, it shows that He's not in you by your sheer invitation; He owns you! You don't belong to yourself or even to your earthly parents; you belong to God!

God purchased you with the precious blood of Jesus Christ, and now you have the responsibility to glorify Him in your body. **1 Corinthians 6:20** says, **“For ye are bought with a price: therefore glorify God in your body, and in your spirit, which are God's.”** You are the custodian or caretaker of your body for the Lord. You should therefore rule your body in the way that pleases Him. Let neither sin nor sickness reign in your body anymore. Neither yield your body as instruments of unrighteousness unto sin, but yield your body to the Lord (Romans 6:13).

“But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you” (Romans 8:11).

The Holy Spirit is the One Who gives life to your body. Your body is not sustained by the blood flowing through your veins but by the power of the Holy Spirit in you. This means that with the Holy Spirit in you, no sickness or infirmity should have the power or ability to break your body. How do you take advantage of His presence? Act on His Word!

First, you have to recognize Him and give Him the liberty to function in your life. Christianity is not a religion; it is the living, pulsating life of God in the human body. It is divinity at work in humanity. Christianity is a real relationship between a real God and a human being, and that relationship transforms the individual into the image or representation of God (2 Corinthians 3:18). So, recognize His presence in you and give Him the pre-eminence in your life.

Secondly, activate His power through your words of faith. In the account in Matthew 14:24-33, when Peter stepped out in faith, he activated the power of God and walked on the water. But when fear attacked his heart, he began to sink. Fear activates the power of darkness and failure, but faith always activates the power of God. Speak words of faith to your body at all times. As you do this consistently, you'll find that the power of God will always be activated in your life, and the ministry of the Holy Ghost in your body will become your everyday experience.

If there's anything in your body that's not from God, insist that your body complies with the Word and does not accommodate satanic influences. Say, *“No! I refuse to be sick! My body is the temple of the Holy Ghost. Therefore, I command every cell to comply with the Word of God; I reject this growth (pain, infection, or infirmity). Leave my body in the Name of Jesus Christ!”*

LIVE TESTIFIERS

Healed of fibromyalgia

Healed of kidney and liver failure

Healed of heart disease & stroke

Every healing service is a unique unfolding of God's glory and grace, mingled with faith in the hearts of billions, which results in miraculous and joyous celebrations across countless centers in every country and continent.

Beginning with moments of worship in songs, led by Loveworld Singers, the atmosphere in many places across the globe becomes saturated with God's divine presence as worshippers everywhere lift their voices to praise the King of kings and Lord of lords.

"Don't stop believing." "Put your faith to work and you will come back with a testimony." "Your expectations will not be cut off because the Lord will do exceeding, abundantly above all you can ask or think." "God loves you and He wants you well."

These and several other truths about God's love for mankind are reiterated over and over. Firstly, during insightful panel discussions with senior ministers at the Healing School. And then, during the testimony segments where people from all over the world feature in the program to share riveting stories of supernatural encounters during previous editions of Healing Streams Live Healing Services that have changed their lives forever.

With faith buoyed and anticipations sky-high, many are ecstatic when the man of God, Pastor Chris, arrives and begins to minister to the sick. Distance and location make no difference to the dispensation of God's healing power. With words backed by divine power, the man of God casts out devils and commands broken limbs to mend, deaf ears to open, blind eyes to open, and every infirmity to disappear.

In these remarkable moments, healing streams flow in cascading waves across the face of the earth, filling hearts and homes everywhere with joy, laughter, and shouts of praise and thanksgiving to the Lord of hosts. Always, this outpouring of miracles births testimonies that pour in endlessly, with several of them producing more faith and the same kind of miracles.

HIS WORD IS YES AND AMEN, ALWAYS!

For about a week, Pastor Antonina Boltersdorf from Germany felt serious pain in her shoulders, spine, and hand. *"The pain was so much that I couldn't even lift my hands to pray. I am a piano teacher, so this made it very difficult for me to do my job,"* she says.

With Healing Streams Live Healing Services coming up at the time, she prayed about her condition because she knew that her miracle was at hand.

Now, she narrates her tale of triumph: *"As we worshiped during the healing service, I suddenly discovered I could lift my hands freely without pain. The presence of the Lord was so tangible. It was a unique experience that stayed with me. The pain is completely gone. My spine, my shoulders, and my hands are back to normal. God is alive and He is truth. His Word is yes and amen, always! The people in my church have been strengthened as a result of this testimony and their faith has grown. Thank you, Pastor Chris, for your love and boldness. I pray that more people will receive healing through you."*

HEALED OF SEVERE
UPPER BODY PAIN

READY FOR AN ADVENT OF MIRACLES

**Prisca, Nigeria
HEALED OF
SYSTEMIC LUPUS
ERYTHEMATOSUS**

A CHANCE TO DREAM AGAIN

Prisca Nosike from Nigeria is a vibrant teenager whose life almost stalled as a result of a debilitating illness that started with mild symptoms. *“One night, I came home with a headache and stomach pain, so my mom gave me drugs to relieve the pain,”* she begins.

It would take months of testing before the diagnosis emerged. She was suffering from systemic lupus erythematosus and kidney enlargement.

Despite meticulous adherence to the treatments, Prisca's health worsened as more complications arose. *“I felt weaker every day. I lay on my side because my ribs hurt like the bones were broken. My legs became swollen because I could not urinate. I lost my hair and I couldn't think well. One day at the hospital, my ears started ringing and my vision became blurry and white. I couldn't remember anything, I would hear or read something and forget it immediately,”* she says.

“It was like hell on earth,” Prisca's mother recalls. *“For a whole year, she needed a blood transfusion biweekly. She was on a drip (IV treatments) throughout because she could not eat. She took 24 tablets every day.”*

As the months passed, Prisca's condition grew worse, and her family consequently became more desperate for a solution. Their search yielded answers when Prisca's mother received an invitation to attend Healing Streams Live Healing Services with Pastor Chris.

Prisca narrates her experience: *“When I came to the Healing Streams, I knew the end of my suffering was close. The man of God came to me and blew on me. A wave of electricity went through my body and I knew I was healed. By the time I left, the swelling in my legs and stomach had reduced and the pain was gone. That day, I ate. In less than 30 seconds, God did something that one and a half years in the hospital couldn't.”*

Since then, Prisca hasn't used any drugs or needed a transfusion. Her appetite and strength have been restored and her hair is growing again. Full of life and hope once more, she expresses her gratitude: *“Thank you, Pastor Chris, for giving me a chance to dream again and to be who I want to be.”*

Rodica, Romania
**HEALED OF GONARTHROSIS,
EYE PROBLEMS, AND SCOLIOSIS**

GOD WORKS MIRACLES

Diagnosed with gonarthrosis, eye problems, and scoliosis, Rodica Turkuletu from Romania spent years struggling to maintain balance in her life. It seemed she was losing the battle with each passing day as she was unable to bend or lift things, and her eyesight was deteriorating. She was always in pain, even when she did her best to avoid physical exertion. Rodica's husband took over most of the domestic chores at home, but fulfilling her duties at work was a difficulty she still faced daily.

Tired of living this way, she was delighted when someone invited her to a healing service. *"Listening to the Word and hearing the testimonies, I knew that God works miracles and I decided that my life must change,"* she says.

The man of God, Pastor Chris, ministered to Rodica and her life was turned around in an instant. Full of life and living every day for the Lord, she has this to say: *"I value my health and I am thankful for it. I can handle myself in any situation now without depending on help. Great is the Lord and He is worthy of every praise!"*

A MIRACULOUS ENCOUNTER

When Pius Tangua from Papua New Guinea was diagnosed with throat cancer, he underwent two surgeries and radiotherapy in an attempt to control and reverse the situation, but to no avail. *"I was feeling pain on my vocals. My voice too was hoarse, and I couldn't talk clearly. I couldn't drink or eat properly. I was tired and feeling sick in my body,"* he explains.

In dire need of a change in his circumstances, Pius was glad when he received news of the Healing Streams Live Healing Services with Pastor Chris. *"My daughter sent me a video of a church group doing healing outreaches on the streets of Port Moresby. Just by watching that video, I could already feel the healing power of God moving in my body,"* he said. Faith stirred, Pius registered for the program and started preparing in earnest.

The time came for Pius' divine appointment and he was ready to receive. He narrates his experience: *"On the second day, I was on the screen and the man of God prayed for me. I felt strength restored to my body and I knew I had received my complete healing. All pain and discomfort were just gone. All the side effects from radiotherapy disappeared. I am healed. Hallelujah! Now, I can talk clearly. I can eat and drink normally. And I feel strong and healthy."*

With so many miracles proliferating the knowledge of the glory of the Lord across the earth, expectations are soaring as billions of people prepare for another advent of supernatural manifestations and inimitable miracles. Already, so many people have taken to organizing healing outreaches to streets, hospitals, private residences, malls, and several other places. Filled with a passion for healing everywhere, they spread the news and invite others to the Live Healing Services, impact lives with the Word of God, and build faith as they share copies of Healing to the Nations Magazine. Wherever the outreaches are held, miracles abound to the glory of God.

Joshua Bansode from India (left) during a recent healing outreach

FREE FROM ALL PAIN AND LIMITATION

Joshua Bansode from Pune, India, has a testimony of his miraculous experience with Healing to the Nations Magazine. He was conducting a healing outreach at a city park with a friend, handing out copies of the magazine and inviting people to the Healing Streams. Spreading hope came easily for him as he was expectant for his own miracle.

He had suffered from a discrepancy in length between his left and right legs from when he was eight years old, and it had caused him a lot of pain, suffering, and ridicule. He listed to one side when he walked and suffered constant pain in his back and legs.

During the outreach, Joshua's friend pointed out that he could receive his healing right there at the park. Joshua relates what happened: *"Right there at the park, we both knelt and prayed. Then, I sat and my friend draped a copy of the magazine over my right leg, commanding healing to take place. As I sat there, I noticed that the pain I always felt in my back was gone. When I stood up, both my legs were the same length."*

Free from pain and all limitations, Joshua is more ardent than ever in pursuit of his mission to bring all around him to the Healing Streams for their miracles. Now, he knows without a doubt that everyone he invites is in for a supernatural encounter. How exciting!

The title 'PRIORITIZING SLEEP AND EXERCISE' is overlaid in large, bold, blue capital letters across the center of the image.

PRIORITIZING SLEEP AND EXERCISE

The importance, functions, and benefits of exercise and sleep for the human body complement each other, such that one may not get the best of one without the other. Together, sleep and exercise help our bodies function at optimal capacity to fend off illness with ease.

However, many in today's 24-hour society either don't have this information or are too busy to apply the knowledge for a healthier lifestyle. The result is a surge in the number of people suffering from different physical and psychological ailments due to social and work stressors.

Exercise is the means of engaging in physical activity to sustain or improve health and body fitness. It is a series of activities we engage in to lose weight, stay fit, and burn excess calories. Some benefits of exercise are immediately evident, while others are seen over time. They include reduced anxiety, lowered blood pressure, better sleep, weight management, stronger bones, and a decrease in risk factors for certain ailments like heart attacks, osteoporosis, obesity, depression, and even dementia.

Adequate sleep is required to attain and retain that youthful, relaxed glow you never want to lose. Did you know that insufficient or deregulated night sleep could make a person prone to several diseases and psychological disorders? Also, more than 50 percent of the stress most people feel stems from lack of sleep.

Poor sleep decreases self-control and decision-making abilities and is linked to weight gain, which may lead to multiple diseases, including heart disease, diabetes, depression, and infertility. Proper sleeping habits help facilitate muscle growth and recovery, improve immunity, regulate blood sugar, repair heart and blood vessels, and trigger the release of growth hormones in children.

One of the best things you can do for clarity of thought, creativity, problem-solving, and calm in the face of life and business challenges is to sleep adequately and exercise properly. The good news is that, with a few lifestyle

changes, you can ensure your body gets much-needed exercise and rest in fun ways. Here are some tips to ensure better sleep and exercise:

- **Create more walk time.** Cut back on car time and driving, and take the stairs instead of the elevators. If there's no hurry, settle down and enjoy the journey. Make this more enjoyable by taking walks together as a family, especially during the day. Exposure to natural light during the day can help keep your body in sync with its natural sleep rhythms.
- **Schedule medium-intensity workouts at least twice weekly.** Avoid working out too close to bedtime, so that your body gets a few hours after working out to wind down before bed. Exercise time can be as little as 10 minutes and as much as one hour.
- **Add swimming and dancing to your exercise routines.** Take time to swim and dance at least once a week. Even one 15-minute session of each activity can have remarkable effects on your body.
- **Avoid caffeine.** Stay away from caffeinated drinks and stimulants such as tea, coffee, energy drinks, soda, soft drinks, and chocolate for about four to five hours before bedtime. Also, no alcohol before bedtime; this may cause early onset of sleep that is unsettling and likely to be fragmented.
- **Only allow short naps during the day.** Adults don't necessarily need a siesta. But if you must sleep during the day, take a short nap of lesser than 30 minutes and no later than 3 p.m.
- **Establish a sleep routine and stick to it.** Defend the last hour of your day so you can fall asleep quickly and deeply. A sleep routine allows you to relax and decompress and makes a difference in your sleep quality. Try relaxing pre-sleep rituals such as a warm bath, a light bedtime snack, or 10 minutes of reading before bedtime.

Faith's PROCLAMATIONS of Healing & Health

**“Keep and guard your heart with all vigilance and above all that you guard, for out of it flow the springs of life.”
(Proverbs 4:23 AMPC)**

Don't let just anything come into your mind; only accept the Word of God. This is vital because you can't give what you don't have. If you don't have the Word of God in you, you can't speak it forth. **Proverbs 4:20-22** says, **“My son, attend to my words; incline thine ear unto my sayings. Let them not depart from thine eyes; keep them in the midst of thine heart. For they are life unto those that find them, and health to all their flesh.”**

Let the Word of God fill your meditations. The result would be that your words will become consistent with what God's Word says. The truth is, you can't meditate on the Word of God for long enough without it changing the way you talk. It will fill your heart with faith and put away contrariness from your tongue. Jesus said, **“...If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you” (Matthew 17:20).**

CONFESSIONS

All things work together for my good and I am blessed beyond measure. My body is energized by the Spirit through the Word. My mind is refreshed and renewed, and my life is transformed by the infallible power of God's Word.

I belong in God's superior class of divine beings; therefore, I look beyond the natural realm of existence to my heavenly rights, blessings, and provisions in Christ Jesus! Today, I recognize and take hold of my divine right to live in health, prosperity, and dominion!

I believe what the Word says about me, and I endorse and establish it to be real in my life! The Word of God produces in me what it talks about as I put it to work in every situation and circumstance of life. My health flourishes daily and I have a sound mind.

My body is the temple of the Holy Ghost; He vitalizes every fiber of my being. I live triumphantly, far above the devil and the negative systems of this world! The life of God in me destroys sickness, disease, and infirmity.

I'm conscious of God's life in my spirit, soul, and body; therefore, I don't live by the dictates of this world, but by the Word of God. I enjoy divine strength and walk without weariness or fainting because of the transcendent life inherent in my spirit.

I rejoice with profound joy because the Lord has filled my mouth with laughter and His joy is my strength. I do not know weakness, depression, or oppression of any sort because the joy in my spirit produces health and boundless energy for my body.

I know my divine origin; I'm from Zion, the city of the living God; therefore, I am not subject to the principles of this world's system. Christ in me gives me confidence and strength. I am healthy and full of divine life in spirit, soul, and body.

By the power of God's Word and in the Name of Jesus, I'm lifted above this world and into God's realm of glory. I exercise Christ's authority over my body and decree strength, health, wisdom, prosperity, and all-around success in my life, today and always.

The ability of God is at work in me today! I don't function by my own ability or strength, for the Lord renews my strength daily, and I'm divinely energized at all times. The Word of God has made me wise and I walk in divine health, peace, and joy.

My life, health, family, and finances are consistent with God's Word concerning me. The Lord Jesus is the light of my life, and that light shines forth in perfection through my spirit, soul, and body.

I'm a new creation in Christ Jesus, created for glory and beauty! I thank God for the blessed life He's given me. This life is at work in me and I've become a distributor of eternal verities to everyone in my world. Hallelujah!

A TALE OF PREVAILING FAITH

The Overcoming LIFE

“Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world” (1 John 4:4).

The Christian is born of God and has the same life and nature as God. It's important to note that the verse doesn't say you shall overcome them; it says you have overcome them. This is not a promise; it is a statement of fact. You're not trying to overcome; you have overcome already! Also, observe it doesn't say you have overcome them *“because you're strong”* or *“because you're very spiritual!”* No! You have overcome them because the One in you is greater!

Colossians 1:13 says, **“Who hath delivered us from the power of darkness, and hath translated us into the kingdom of his dear Son.”** The natural man is under the dominion of the devil and therefore requires deliverance. But the new creation man who has been brought out of the dominion of the devil into the kingdom of God's dear Son doesn't need to be delivered again. He has already overcome the devil.

When a man is born again, the life of the first Adam that is subject to sin, sickness, disease, and death is supplanted by the life and nature of Christ. In **2 Corinthians 5:17-18**, the Bible says, **“Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. And all things are of God...”** In reality, the new creature has his origin in God. His life comes from God and this life can never be defeated, destroyed, or brought down.

“And these signs shall follow them that believe; In my name shall they cast out devils; they shall speak with new tongues; They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover” (Mark 16:17-18). It's important to note that this is not a promise but a statement of fact unveiling your true description. In other words, by virtue of your new birth, you're no longer subject to diseases and infections. You now have within you the overcoming life of God and that life cannot be brought down by any infirmity.

Romans 8:11 declares, **“But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you.”** Therefore, live every day in the reality of who you are. The life of God within you is greater than any infirmity. It is superior to the devil, demons, and all manner of diseases!

Hosea 4:6 says, **“My people are destroyed for the lack of knowledge...”** Many are oppressed and afflicted by the devil because they lack the knowledge of God's Word. This is the reason you must take your study of God's Word seriously. It will show you who you really are and what belongs to you in Christ Jesus.

The truth is, the more of God's Word you receive into your spirit, the greater insight you'll have into the life of God in you and consequently function in. That life will become so real to you and it'll be impossible for sickness to dominate you.

Make up your mind not to have a casual relationship with God's Word. Go after it like you would go after a treasure; it will transform your life and cause you to walk in the reality of eternal life!

Living by Grace

A T A L E O F P R E V A I L I N G F A I T H

Grace Michaels' story began in 2015. Living in the United States of America with her husband and children, the Iraqi-born lady had a great life. But her worries started when she started feeling constant fatigue and pain all over her body. These were accompanied by numbness in her arms and legs, rashes and swelling all over her body, shortness of breath, and irregular heartbeats.

After Grace collapsed one day, she went to the hospital but the doctors initially couldn't pinpoint the cause of her ailment. After a series of seemingly endless tests and biopsies, however, they came up with a diagnosis of an autoimmune disease; this meant that, rather than defend her body, her immune system was wreaking havoc on her organs. With that verdict, Grace's entire life came crashing down around her. For four years, she suffered fatigue, joint pain, stiffness, swelling, and rashes. She managed the condition only through constant dependence on medications.

"I spent the whole day just lying down; my body was practically lifeless," she says. Her husband had to cater to her and their little kids, and the thought of needing help with basic things like getting into the shower was unbearable. "Other people would go out and do my grocery shopping, come in and cook my meals. I felt helpless and miserable," she recalls.

"I spent the whole day just lying down; my body was practically lifeless. Other people would go out and do my grocery shopping, come in and cook my meals. I felt helpless and miserable."

Grace was crying out for a solution that medicine couldn't provide and the answer was quite close to home. Her brother was diagnosed with a rare type of blood cancer, and in 2017 he attended a Healing School session with Pastor Chris in Canada, where he was healed. When he returned from the Healing School, he visited

her and said, "You've got to go to the Healing School." She reveals that she was initially skeptical. "I was like, 'what are you even saying?' God is the same whether in Canada or California." He then told her everything he'd learned about faith during his time at the Healing School. Eventually, she agreed to go.

The next dilemma was how to get to the Healing School. "I was so weak by this point," she says, "I couldn't sit up for ten minutes at a time, much less walk. How was I then supposed to manage the six-hour flight to Canada?" When she voiced these concerns to her brother, he prayed for her and encouraged her, saying God would open a door. Soon after, that door opened when a friend volunteered to go with her to the Healing School. Overjoyed and full of hope, Grace spent the flight to Canada dreaming of how life would be after she received her healing. "I didn't think about my pain; all that occupied my mind on the way to the Healing School was what my life would be like after I got healed," she remarks.

When she got to the Healing School, her eyes opened to dimensions of the Gospel that had previously been

unknown to her. *"I converted to Christianity in 2003," she says, "and back then, I would say that once I was blind, but now I see. But my eyes truly opened when I came in contact with the ministry of Pastor Chris."*

In an interview shortly after she arrived at the Healing School, she described her condition in painful detail but ended it on a note of hope; *"I believe God is going to heal me and I will come back and testify."*

At last, the day of Grace's healing arrived. As she lay on a stretcher waiting for her moment, myriad thoughts went through her mind. *"When the choir started singing, I saw Pastor Chris coming and I was like someone trapped in a dark cave for a very long time who was suddenly given an escape. In my case, it was like the cave was blown wide open."*

"Right there, I decided that I would work with children when I returned home after my miracle. I started imagining what I would do afterwards because I knew the power of God was present to heal me. I also imagined what would happen to me on this day, and everything happened just as I imagined. It was like when the Prophet Elijah told the widow to borrow as many jars as possible," she says.

Pastor Chris walked up to Grace, took a long look at her, and laid hands on her, commanding the spirit of infirmity to come out. The effect was instant; the power of God went through her body, flooding her with energy. A moment later, she was on her feet, running and jumping and praising the Lord. The pain and weakness that had plagued her for years was forgotten. Gone was the numbness and pain in her limbs and all over her body. Grace lifted her hands in worship to the Lord, marveling as she breathed easily; she felt as good as new.

In the next few months, everything Grace envisioned lying on that stretcher would come to pass. After she returned to the United States, she applied for and got a job at a school. It requires a lot of physical activity but that doesn't faze her in the least bit. She runs, jumps, and plays with the children, matching their boundless

energy throughout the day. *"Things that looked impossible when I was ill have become a walk in the park. I'm so full of power and energy. I'm alive by the grace of God!" she declares, laughing through tears of joy.*

"Things that looked impossible when I was ill have become a walk in the park. I'm so full of power and energy. I'm alive by the grace of God!"

Count Up to

Christopher Rosso, the United Kingdom

Wonderful and glorious feats accomplished by the Holy Spirit hallmark Healing Streams Live Healing Services with Pastor Chris. The Lord has saturated the earth with His healing power through several editions of the healing services over the past couple of years.

The healing streams flow to many and turn their stories of woe into testimonies of triumph, whether from the comfort of their homes, tucked away in their hospital beds, from their prison cells, with colleagues at the office, or while shopping at the mall. The overflow of blessings and miracles and the impartations of grace are illimitable as healing streams gush out and flow into every nation, city, street, and place.

RENEWED ENERGY AND INEXPLICABLE JOY

Christopher Rosso from the United Kingdom was sitting on his sofa one evening in May 2022 when he felt a sharp pain in his lower back. When the pain worsened and started radiating down his right leg, he went to the hospital to have it checked. Scans showed that a protruding disc impinging on his sciatic nerve was causing the symptoms.

"For six months, I was unable to walk any distance," he says. "I could not bend over to touch my toes, I couldn't get comfortable sitting or lying down, and my right leg was numb and weak all the time. At a point, I became despondent."

Christopher was scheduled for surgery when he saw an announcement for the November 2022 edition of Healing Streams Live Healing Services with Pastor Chris. Trusting the Lord for his healing instead, he attended the program.

During the services, Pastor Chris ministered to the sick, declaring all healed in the Name of Jesus. He received that word and decided to take a stroll the next morning. *"I had so much energy and I felt this joy I can't explain," he testifies. "All the pain in my back and the weakness and numbness was just gone. I walked longer than I dared for six months and it was just wonderful."*

PEACE AT LAST FOR DAYAMIS

52-year-old Dayamis Cancio journeyed from Cuba to Nigeria to attend the Healing Streams, having suffered from severe depression for

nine months. Until she attended the Live Healing Services in November, she suffered constant anxiety and insomnia. Every day, evil spirits tormented her, telling her that she would always be a burden to the people who love her. Because of this, Dayamis made several attempts to commit suicide. Her husband took her to many places in a quest for a solution, but all to no avail. Hopelessly, he watched her withdraw more and more each day, gradually becoming a shadow of the woman he knew.

As Pastor Chris ministered during a healing service, Dayamis felt that evil presence depart from her. Suddenly, the world became bright and beautiful once more. The depression ceased and the anxiety attacks are no more. She is at peace now and can sleep through the night without taking any medication.

A BRAND-NEW HEART

Wuri Laga, a 27-year-old from Inner Mongolia, China, suffered congenital aortic stenosis, pulmonary hypertension, and ventricular deficiency. Owing to this condition, she grew up unable to sustain even mild exertion for any length of time. Surgery was recommended to fix the issue, but after the surgeons examined her, they declined to operate. *“They told me that because of the severity of the aortic stenosis, they could not monitor my heart properly and the procedure was too risky,”* she says. She was unable to enjoy life to the fullest until her mother heard about the Healing Streams and convinced her to participate.

The March 2022 edition was a life-altering event for Wuri. *“Even before Pastor Chris ministered to me, I knew I was healed. When he said that someone with a heart problem just got healed, it was all the confirmation I needed,”* she declares. The changes were evident as soon as she received her miracle. Her heart had been pounding so hard she could hear it, but now it was quiet. Then she heard the voice of the Holy Spirit tell her, *“You are healed.”* In August, she returned to the hospital, and after seeing the results of her scans, her doctor was nonplussed. Her heart was absolutely fine. By the power of God, she obtained a clean bill of health and a brand-new heart. Glory to God!

FREE TO DO ALL THINGS

For **Gideon Nangolo from Namibia,** his ordeal began with a realization that he was having stomach problems. Unable to eat or drink much because of tightness in his stomach, he was baffled that his stomach kept getting bigger. Upon consulting his doctors, he was diagnosed with colon cancer. His stomach grew to the point where Gideon could no longer stand or walk for long. And things became critical when the swelling extended to his legs and made it impossible for him to wear shoes. He was healed by the power of God when he attended the November edition of the Live Healing Services. Now, his stomach is back to normal and Gideon attests that he can do all the things he couldn't do before.

SUPER CHARGE

Your Mornings

How you start your mornings is crucial to your day's success, hence the need to start your mornings with the right mindset and energy. Morning fatigue or inertia can be dispelled instantly with lifestyle changes that keep your energy at its peak all day. The following lifestyle tips will boost your mornings and ensure an optimal day, regardless of which side of the bed you got up from.

1. **Speak in Tongues & Pray:** Charge yourself; speak in tongues and pray first thing in the morning. This is a sure way to supercharge your day and ensure you go out ready to dominate and attain victories. The energy and assurance of success it imparts to your spirit, mind, and body are immeasurable. When you speak in tongues, you build and edify yourself in the Holy Ghost; your mind opens up to new possibilities and you enjoy unlimited creativity. You gain confidence in God's ability at work in you and an I-can-do mentality that leads to optimal productivity and excellence.
2. **Make Affirmations:** Another way to supercharge your mornings is by making affirmations and speaking faith-filled words that compel your day and your world to conform with your desires. Positive affirmations condition your thoughts and your mindset throughout the day. It will instantly change your mood and how you see and feel about yourself or any contrary situation you may face. Your confessions also energize you physically, strengthen you spiritually, relieve stress, promote problem-solving, and help you sleep better.
3. **Drink Lemon Water:** Start your day right by drinking a glass of warm lemon-infused water. During the long hours of the night, you lose water through sweat and breathing, so your body is a little dehydrated in the morning. Drinking lemon water promotes digestion and increases energy levels. Also, add slices of apple and ginger to your water to boost your metabolism and help that refreshing feeling that gets you going.
4. **Exercise:** The rewards of exercising, even just for five minutes as your day begins, include lowering anxiety, boosting energy, and releasing neurotrophins

that increase memory, cognition, mood, and other factors correlated to high performance. It also helps you consume fewer calories, burn fat, build muscle, improve sleep quality, and ensure high energy and performance all day.

5. **Look Good, Feel Good:** A surefire way to power up your mornings and ensure you set out on a high note is to get up and dress up, regardless of how you feel. You will be pleasantly amazed at the boost of cheer, confidence, and energy that looking good gives you.
6. **No Sugars for Breakfast:** Breakfast is an important meal and a healthy breakfast provides the energy necessary to kickstart the day. Avoid refined or processed sugars as much as possible. Rather, stick to proteins, vegetables, and fruits. You may also consider cereal, granola, and Greek yogurt as healthy options. Even when you have to leave home early, pack breakfast to go; a sandwich or a nice smoothie will be super-packed with the nutrients that you need for that morning boost.
7. **Take Cold Showers:** This may seem like torture to some when compared with the allure of a nice, warm shower but the benefits outweigh the temporary discomfort. Endorphins released in your body during a cold shower are similar to those you emit when you exercise. It also relieves tension and improves memory, mood, and energy.
8. **Ditch the Snooze Button:** Did you know that hitting the snooze buttons on your alarms and going back to sleep confuses your body and signals your brain to release hormones for another deep sleep cycle? Research shows that you need to be asleep for at least 90 minutes before it is considered good sleep. Snoozing your alarm to catch another 10-20 minutes of sleep throws off your body's natural rhythm and this can affect your mood for the entire day.

These tips and tricks will help you on your way to a great day every day. Ready? Set. Go!

Faith's PROCLAMATIONS of Healing & Health

**Now faith is the substance of things hoped for, the evidence of things not seen.
(Hebrews 11:1)**

When I see it, I'll believe it." That's some people's philosophy. But the truth is, you'll never believe that way because you're not going to see it until you first believe. Believing comes ahead of seeing. Thomas wouldn't believe the resurrection until he saw Jesus for himself (John 20:24-29) and that's the way some folks are. But like Jesus said to Thomas, I say to them: **"...blessed are they that have not seen, and yet have believed"** (John 20:29).

How many times did you ask for the pilot's qualifying certificate before flying in an airplane? You simply believed everything was all right. Now, if you can believe human beings like that, how much more should you believe the time-tested and proven Word of God, which has never failed?

Receiving divine healing or walking in divine health works the same as receiving salvation. You may not feel any different, but you know you're saved because your faith is based on the Word of God. So, when sickness or infirmity tries to bring you down, insist on the reality of God's Word.

CONFESSIONS

Christ lives in me; therefore, no sickness or infirmity can dwell in my body. My body is strong and healthy! Sickness and infirmity have no place in me; the life of Christ is at work in every fiber of my being, in every bone of my body, and in every cell of my blood.

Christ is Lord over my spirit, soul, and body. Therefore, no disease or infirmity has any place in me. No weapon fashioned against me shall prosper. Jesus has all authority over my body and I dwell daily in health and strength.

I am born of God; my origin is in Him! No sickness has the power or ability to destroy my body! I have the overcoming life of God in me, and that makes me indestructible and impregnable to disease and infirmity. Hallelujah!

The Holy Ghost lives in me, therefore, I have the dynamic ability to effect changes! I refuse to permit anything contrary to God's Word in my body. As I speak in other tongues, I declare that supernatural changes are taking place in me, in Jesus' Name. Amen!

Life springs up from within me because I am a life-giving spirit. I reject sickness in my body. I am a dispenser and a giver of life to everyone and everything I come in contact with. When I lay hands on the sick, they recover.

I have received an abundance of grace, and I reign in life with dominion over sickness and death. I have received eternal life, which makes it impossible for sickness or disease to dominate my body. No infirmity can corrupt or ravage my body.

The Word of God is working mightily in me. No matter the circumstance, regardless of what I feel or see, the Word produces what it talks about in my life. I am full of life! By the Word, I live in safety, health, victory, prosperity, joy, and love. Blessed be God!

I live in the glorious liberty of my divine life in Christ. I grow daily in grace and in the wisdom of God. My body is sound; its systems and organs are functioning perfectly. I'm waxing stronger and stronger every day. Amen.

I have the indestructible life of God in me! I have the life and nature of God in me; therefore, I'm an overcomer. I live in Christ, where divinity reigns. The higher law of life is operational in me, for I hail from God.

No sickness, disease, or infirmity can stay in my body. I live a successful, healthy, and victorious life because I am born of God and I was created to manifest His praise and glory. My life is the epitome of God's blessings.

ANGELA FORSHAW'S STORY

POWER *for* CHANGE

“But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judaea, and in Samaria, and unto the uttermost part of the earth” (Acts 1:8).

One of the biggest things Christ brought to us is the possibility to receive the Holy Spirit. When the Holy Spirit takes residence in a believer, He changes everything. If a man were weak and timid, he'd immediately receive strength and boldness. If he were sick and infirm, his body would be vitalized. If he were in the dark about a particular situation, he'd receive the guidance that he required. There's absolutely nothing in the world compared to the presence of the Holy Spirit in a child of God!

In **Acts 1:8**, the Bible says, “...ye shall receive power after that the Holy Ghost is come upon you...” The moment you received the Holy Spirit, you received the power of God into your life.

Now, the word translated “power” is from the Greek word “dunamis,” which means the dynamic ability to cause changes. It's from this word that we get the English word “dynamo” – an inherent power generator.

Jesus never exaggerated! When He spoke, He spoke absolute truth. When He said you would receive power after the Holy Ghost comes upon you, He meant exactly what He said. He carefully chose the expression to communicate the quality and potency of the power that we would have.

After the Holy Ghost came to live within you, you received inherent power. This power resides in you and functions independently of any other power. With this power of the Holy Ghost in you, you don't need to call for power from

above. You have inherent power within you to effect any change you desire. This means you can actually effect changes in your body.

It isn't God's desire and purpose for you to be a victim of sickness, disease, or infirmity. In **Romans 8:37**, the Bible says, “**Nay, in all these things we are more than conquerors through him that loved us.**” However, many Christians live as victims and suffer infirmities in their bodies. But that's not the life Jesus brought.

Some Christians haven't learned how to put the power of the Holy Ghost in them to work, so they're constantly looking for help and seeking someone to pray for them. It's important to understand that if the Holy Spirit lives within you, you don't need any other outside power; He is the power-giver! Therefore, you should never live as a victim of sickness because you have all that you require within you to change any condition in your body!

Speaking in tongues is one sure way to activate the power of the Holy Ghost in you. The Bible says, “**For he that speaketh in an *unknown* tongue speaketh not unto men, but unto God: for no man understandeth him; howbeit in the spirit he speaketh mysteries**” (**1 Corinthians 14:2**). Through speaking in tongues, we communicate with God and speak forth mysteries or secret truths. The word “edify” here means “to embolden” or “to charge up”, as you would a battery.

If you were weak and felt overwhelmed by a condition in your body, spend quality time speaking in other tongues. It won't be long before the power of God will rise within you and prevail over that condition.

Understand that the power of the Holy Ghost in you is greater than anything in this world (1 John 4:4). When His power is at work in you, no infirmity can stand against you successfully. You may have been born with a deformed heart; it doesn't matter anymore; you don't have to suffer any more crises. Now that you have the Holy Ghost residing in you, you can cause a change! Speak in other tongues and activate the power of the Spirit. Be edified through the Spirit and see the change you desire come to pass.

A New Day A New Life

ANGELA FORSHAW'S STORY

Angela Forshaw and her family were having a lovely time together. Seeing the breathtakingly beautiful sights and the wonderful natural scenery of Corfu, Greece, was something all had looked forward to all year. However, the holiday would become a lasting memory for an entirely different, unplanned, and unforeseen reason.

Angela was in the pool with her son, cooling off in the summer heat, when it happened. *"I was swimming and I went underwater. That was when I felt a very sharp pain in my ear, as though it had been popped,"* she says. Angela was taken to the hospital to check her ears and the doctor confirmed that the right eardrum was ruptured. She was offered medication for the pain but there wasn't much else that could be done to remedy the situation.

From then on, Angela suffered constant, severe headaches that spread excruciating pain down the right side of her face. For 13 years, she had to clean out her ears day and night, and it was a horrific experience. *"Every time I cleaned my ears, black wax came out,"* she recalls.

There was always a loud buzz in her ears that severely impaired her hearing and she struggled to hear others when in conversation. Often, others were forced to raise their voices to speak to her. *"It was hard to hear others at work. I could barely follow the conversation when speaking with family members. It was frustrating for me and the people around me because I kept asking them to repeat what they said throughout any discussion. Soon, people started avoiding talking to me,"* she relates.

"It was frustrating for me and the people around me because I kept asking them to repeat what they said throughout any discussion. Soon, people started avoiding talking to me."

This situation affected Angela deeply. Eventually, she felt isolated, talking only when it was absolutely necessary.

Most times, she preferred having her family members speak on her behalf.

"The doctors recommended an operation where they would take a graft from around my ear and use it to repair the damaged eardrum," Angela reports. However, this wasn't guaranteed to work. Also, the possible risks of further hearing loss, facial paralysis, and nerve damage made this an undesirable option.

Still, the pain and buzzing in Angela's ears were unbearable, persisting with such intensity that it sometimes drove her to tears. They were rivaled only by the embarrassing dark waxy discharge from her ears when she cleaned them. She needed a change, something extraordinary that would turn her condition and her life around.

It was at this time that Angela heard about Healing Streams Live Healing Services with Pastor from her son. *"This is the perfect opportunity,"* he told her. When she read the testimonies of others who had been healed, hope bloomed in her heart.

For a long time, all she had heard was treatment plans without any guarantee of success. But this was different; with so many victory reports from all over the world, Angela was certain that total restoration was at hand. Unwilling to delay for even a moment further, she registered for the Live Healing Services and began to look forward to the day she would hear clearly again.

On the day of the healing service, Angela was ready to receive her miracle. Participating from home in the city of Blackpool in the United Kingdom, she worshiped the Lord in anticipation. She rejoiced when she heard the impact stories and testimonies, looking forward to when it would be her turn to testify.

Angela's moment came when Pastor Chris started ministering to the sick and said, *"Place your hand on the place where you require healing."* She placed her hand on her ear and prayed earnestly. Earlier that same night, the man of God had called for those who wanted to be born again, and she said the prayer of salvation. It was

the beginning of a new life for Angela and she had much to be thankful for.

"After the prayers, my son and I were excited because we both knew I was healed," Angela enthuses about her miracle. *"A few days later, I suddenly realized that the buzzing in my ears had stopped and the black wax had stopped seeping out of my ears. For the first time in over a decade, there was no ringing headache, no pain, and no need to shout."*

But shout she did! This time, however, it was in wonderment at the awesome miracle the Lord had wrought in Angela's life. One Word from God had, in a moment, taken away years of pain and frustration.

Now, Angela testifies of the glorious changes that have taken place in her life: *"My hearing is perfect. I don't have to ask people to repeat what they said, so I don't feel frustrated when talking to my family or colleagues anymore. It's so liberating!"*

"My hearing is perfect. I don't have to ask people to repeat what they said, so I don't feel frustrated when talking to my family or colleagues anymore. It's so liberating!"

"Thank you, Pastor Chris. And thank you, partners of the Healing School. The Lord bless your labor of love. Thank you for giving me a new experience and for delivering me from a life of pain."

Because Angela believed in the Lord and trusted in His Word, every conversation has become like music to her ears. She has this to say to anyone who is in need of a miracle: *"You must prepare for the program with prayer, and then you have to be a part of the Healing Streams. You will be healed."*

Friday, May 13 to Saturday, May 14, 2022, was a weekend of divine inspiration, healing, and testimonies. Billions of people from around the world gathered in physical and virtual centers to participate in the second edition of Healing to the Nations Live. It was a 24-hour celebration of the impact of the Healing School's mandate to take healing to the nations.

Following the glorious opening moments of worship from the Loveworld Singers, the Director of the Healing School, esteemed Pastor Deola Phillips, stirred faith in the global congregation, spurring them to participate in every segment. She said, *"We have a beautiful banquet for you. Not only will you experience the healing virtue, but you will also experience many other virtues available in this program. You will learn in the next 24 hours how to participate in God's passion. I urge you to be a part of God's passion. He is so passionate about us taking healing to the nations. Our Lord Jesus did it, and we are doing it."*

Joining Pastor Deola was a panel of senior ministers who discussed the Healing School and its multi-faceted platforms, as well as various opportunities to be a part of the workforce that is fulfilling the vision of the Healing School. The global audience learned that they could be effective ministers of the Gospel in their nations by partnering with what the Lord is doing through the Healing School.

Pastor Joy Amenkhienan charged the audience to take action, saying, *"Every sick person healed is our vision. Here at this program, we are celebrating the Healing to the Nations mandate which is a fulfillment of God's love for mankind. Today, you're going to be an ambassador of the mandate. You are one of the great publishers."*

Reading from Luke Chapter 8, Pastor Tony Aduroja showed the origin of partnership, narrating the story of the women who traveled with Jesus and supported His ministry with their finances. *"Did you know that the Healing School runs free clinics?"* he asked, and said, *"These are the things that you want to become a part of."*

The panelists shared astounding testimonies and impact reports while enlightening viewers on the multiple avenues to partner with the Healing School's work. These include sponsoring and organizing healing outreaches with Healing to the Nations Magazine, spreading impact through sponsorship of Healing Streams TV broadcasts, participating in Healing Streams programs, the Loveworld Medical Missions projects, and the Healing School's international youth initiatives.

It was also a celebration of extraordinary miracles as several testifiers who had their stories rewritten at the Healing School and the Healing Streams

Live Healing Services shared their unforgettable stories.

In 2012, Angelina Ohene came to the Healing School with several medical conditions. For years, she had suffered from osteoarthritis and rheumatoid arthritis, and she was diagnosed with end-stage breast cancer. After Pastor Chris ministered to her, she threw aside the crutches she'd been using to support herself and walked free, healed from head to toe by the power of God.

Tiwonge Nyondo came to the Healing School bedridden by chronic pneumonia. Her family had done their best for years, but at this point, she was close to giving up. Her life's trajectory changed completely when Pastor Chris ministered to her at the Healing School. *"He picked me up from where I was lying and blew on me. I fell, and when I got up, it was like someone had lifted a massive weight off my body. I took off, running around the auditorium- I was so full of energy!"* she recalled.

Because of the enthralling testimonies already witnessed during the program, people everywhere took steps of faith, sending in pledges and seeds for the work of the Healing School. More and more testimonies were recorded, confirming the words of prophecy and the impartation of grace.

When the program wrapped after 24 hours of worship, testimonies, teaching, and prophecy, it seemed like it had ended far too soon. Partners all over the globe left energized, looking forward to even greater exploits in the work of the Gospel.

Healing to the Nations Live returns in January 2023, and it is another opportunity to celebrate the love of God and bring healing to your world. Get ready; set up your virtual and physical healing centers, tell everyone you can, and expect inspiration and miracles. God Bless you.

TESTIMONIES

FROM

Around the World

THE WORD WORKS!

I am so grateful to God for Healing Streams TV. I received healing in my knees just from watching and following the instructions. For several years, I had this numbing pain in my knees that no amount of painkillers could remove. The pain worsened when I took long walks or stood for too long. I started watching Healing Streams TV on weekends and I was blessed by the different programs. The day I got my miracle, I had made up my mind that I would suffer no more. When Reverend Ray was praying for the sick on his program (How to Receive a Miracle), the power of God came over me. I received the Word and thanked the Lord because I knew He had done it. Since that day, there has been no pain or discomfort. I can stand and walk as much as I want now.

~ Margaret from Zimbabwe

BREAST PAIN IS GONE!

I was feeling pain on the left side of my chest, next to my ribs, and I also had these really severe headaches. I took pain medication and tried to rest. I thought it would go away but the relief only lasted for two weeks. I told my pastor about it and he prayed with me and instructed me to watch Healing Streams TV. I watched the programs for two days. By the end of the second day, I had received my healing. All the pain was gone. I thank my man of God, Pastor Chris, for bringing us divine truths that always result in testimonies.

~ Sizakele from South Africa

NO MORE TOOTHACHE!

My mom experienced a severe toothache that lasted more than a week. Then, she got a hold of the Divine Health Confessions for a whole month and she would speak these confessions every day. Even when the pain spread and resulted in severe headaches, she would meditate on the confessions and recite them in her mind. Four days after she started the confessions, all the symptoms stopped. The toothache ceased, the pain disappeared, and she started talking normally. Praise God forevermore.

“Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. And he sent them to preach the kingdom of God, and to heal the sick. Countless lives all over the world have been transformed through healing outreaches in various parts of the world and many have amazing testimonies. Sharing his Healing Everywhere testimony, Michael from South Africa remarks, *“I was admitted to the hospital for over two weeks. I was weak and in a lot of pain; I had nausea and fever, and there was no appetite. After several tests, there was still no diagnosis. During the third week, someone gave me a copy of Healing to the Nations Magazine. I was drawn to the Word and Faith’s Proclamations sections. I put my faith to work and I kept making confessions of divine health. A few days later, I was discharged because I had fully recovered. Hallelujah!*

APPLES

& A DOZEN ADVANTAGES

The familiar expression “an apple a day keeps the doctor away” is not a myth or an exaggeration. Apples are super fruits, power-packed with various vitamins, dietary fibers, phytonutrients, antioxidants, flavonoids, and more. This sweet, edible fruit is greatly beneficial to the human body. There are many benefits of eating apples every day but we have highlighted a dozen of them for you.

- 1. Reduces the risk of diabetes:** Apples are rich in soluble fibers that aid in fighting off oxygen-free radicals that cause diabetes and is key to blunting blood sugar swings.
- 2. A cure for irritable bowel syndrome symptoms:** Apples can help regulate and in time, completely cure IBS symptoms, which include constipation, diarrhea, bloating, and abdominal pain.
- 3. Helps to detoxify the liver:** In today's world, we are constantly consuming or coming into contact with toxins. The liver's primary function is to flush out these toxins and apples are great for its detoxification due to the vitamins, minerals, and fiber it contains.
- 4. Aids in preventing cataracts:** Some studies indicate that people who daily consume fruits containing antioxidants like apples are 15% less likely to develop a cataract.
- 5. Helps prevent hemorrhoids:** Hemorrhoids are the result of swollen veins in the anal canal due to excessive pressure on the pelvic and rectal areas. Pregnant women are commonly at risk of this but a daily intake of apples reduces the strain and effort.
- 6. Promotes weight loss:** Apples are filling due to the high fiber content, so you fill up faster with fewer calories. The fiber stimulates bowel movement, which also aids in shedding that extra pound.
- 7. Promotes heart health:** Apples contain soluble fiber that help lower blood cholesterol levels, and flavonoids that reduce blood pressure and lower the risk of stroke.
- 8. Helps fight asthma:** Antioxidant-rich apples help protect lungs from oxidative damage. Also, some compounds found in apples reduce airway inflammation and allergenic responses in your body.
- 9. Promotes healthy hair:** Apples contain a compound called procyanidin B2, which stimulates hair growth as well as thickens the hair. This also alleviates male baldness and prevents hair loss.
- 10. Good for skin care:** Raw apple pulp and apple cider vinegar can serve as an organic toner that aids in tightening facial skin and stimulating blood circulation to the skin surface. Apples also have collagen and elastin, which are great for flawless, youthful skin.
- 11. Prevents Cell Damage:** Apples contain quercetin, an active phytonutrient that promotes cellular health. They also contain properties that can help prevent neurological defects.
- 12. Helps regulate the body's immunity:** Apple skin is rich in the antioxidant, quercetin, which can help regulate your immune system and reduce inflammation.

Faith's Proclamations of HEALING & HEALTH

“My people are destroyed for the lack of knowledge...” Hosea 4:6

Many are oppressed and afflicted by the devil because they lack the knowledge of God's Word. This is the reason you must take your study of God's Word seriously. It will show you who you really are and what belongs to you in Christ Jesus. The truth is, the more of God's Word you receive into your spirit, the greater insight you'll have into the life of God in you and consequently function in. That life will become so real to you and it'll be impossible for sickness to dominate you. Make up your mind not to have a casual relationship with God's Word. Go after it as you would go after a treasure; it will transform your life and cause you to walk in the reality of eternal life!

CONFESSIONS

I have been reconciled unto God. I am a member of His body, of His flesh, and of His bones. I am the expression of His fullness, grace, and glory. I manifest God's kingdom and power. I carry His life and divinity in me – spirit, soul, and body. Praise God!

God's Word is in my spirit; it energizes me for success and greatness and keeps me in perfect health. I live in health every day because my body is daily vitalized by the Spirit of God. I function with supernatural strength in my inner man.

My mind is stayed on God's Word; therefore, He keeps me in perfect peace. By virtue of the divine life of Christ at work in me, I experience health, victory, and prosperity, now and always, in Jesus' Name. Amen.

The life of God in me has supplanted the human life that was susceptible to sickness and disease. My body and everything connected to me align with God's provisions. Christ's glory is manifested in my body as I flourish in divine health every day.

I am alive unto God and, I am dead to sin, sickness, disease, and any form of infirmity. There's no death in my life, family, finances, business, or job because the One in me is greater. I am a life-giving spirit and everything I connect to receives life.

I walk in divine health, safety, wellness, and wholeness because I am in Christ. Christ is my life! His wisdom,

righteousness, peace, glory, and joy are resplendent in me and expressed through me. I am guided in wisdom to walk in God's perfect will.

I live in the glorious liberty of my divine life in Christ. I grow daily in grace and in the wisdom of God. My body is sound; its systems and organs are functioning perfectly. I'm waxing stronger and stronger every day.

The ability of God is at work in me today and I'm conscious of it! I don't function in my own ability or strength, for my sufficiency is of God. My strength is renewed daily and I'm divinely energized at all times for victory and all-around success.

The life of God permeates my whole being. I flourish in health and I walk in ever-increasing glory all my days. Everything that concerns me prospers. I'm born of God's Word and His Spirit; therefore, supernatural health and strength are mine always.

The joy of the Lord is my strength. That joy produces laughter in my spirit, causing my health to bloom and flourish. Nothing can weigh me down. I know no depression or oppression because I am buoyed by the unspeakable joy overflowing in my heart.

Eternal life is at work in me; therefore, my body is alive and active. My immune system works excellently. I am in a place of dominion and authority, where I rule and reign victoriously over sickness, disease, and infirmity.
